HELLO AND WELCOME TO ANNIE'S BURGER SHACK!

Since 2009 Annie has brought the authentic taste
of New England to the UK with a unique twist;

ALL of Annie's original recipes can be made as

100% Vegan, Veggie or Meaty
Yes that's right. EVERY. SINGLE. ONE!

We make *real* New England style burgers. Our Meaty burgers are a delicate mix of prime Beef (85%) and Pork (15%) mince from the most select farms in the East Midlands. We make each of our burgers fresh every day. What makes us different is that we ship our seasonings from America, so you can taste them as close to the American way as you're gonna get, in the UK.

We grill our burgers in the original way they were made in the 1930s, to give an American nostalgic experience with a fun twist on top.

We pride ourselves on our ability to create your burger (or chicken fillet if you wish to swap) in the way you like it, and an important part of our ethos is that we try to cater for everyone. So if you have a preference or a specific dietary requirement, please ask and we will do our utmost to accommodate this.

All burgers are served on a toasted classic sesame bun with crisp iceberg lettuce, tomato and mayo.
