The Reports of the Visiting Committee were read, and Orders made thereon, as follows:-

Report of Committee appointed to consider the following Report of the Inspector, Mr O'Conor, on the subject of Out-door relief.

Extract from Mr. O'Conor's Report, dated the 30th October, 1905.

OUT-DOOR RELIEF.

The expenditure incurred in affording out-door relief to destitute poor persons, or persons stated be destitute, is a matter which should seriously occupy the attention of the Guardians. I have had a returned out showing the numbers getting out-door relief in the years 1897 and 1900—1905 inclusive, also total amount expended in this form of relief each year. I give the particulars of this return for information of the Guardians.

Year	Average number of persons in receipt of Out-door Relief.	Cost.
1897	1470	£4186 18
1900	1544	£5005 17
1901	1512	£5231 1
1902		£5235 19
1903	1511	£5411 0
1904	1571	£5339 15
1905	1535	£5423 0

It will be seen from these figures that the average sum allowed per head in 1897 was £2 18s c in 1900, £3 4s. od; 1901, £3 9s. od.; 1902, £3 9s. od.; 1903, £3 8s. od.; 1904, £3 8s od.; 19 £3 10s. 6d., or a rise per head in 1905, as compared with 1897, of 12/6 per head.

I find from a reference to statistics that the expenditure incurred on out-door relief in the North South Dublin Unions, which are both considerably larger than Limerick, averages about £3500 to £40 in North Dublin, and £5500 to £6000 in South Dublin; and the average number of persons in receipt ont-door relief would be, in North Dublin between 1400 and 1600, in South Dublin between 2500 and 27 The population of Limerick Union is 66,014; that of North Dublin 166,887; and of South Dublin 212,7 I am of opinion that if the Limerick Guardians adopted the same method of giving out-door relief as Dublin Guardians, a considerable saving to the rates would be effected; and, in addition to this, out-door relief would in many cases be applied to a much better use than it probably is at present, and o the really destitute would apply for it. In both the Dublin Unions, except, I think, in one outlying district the out-door relief is given in food, which is all stored in the Workhouses and distributed in some instant by carts from them.

THORNFIELDS, LISNAGRY,

17th December, 1905.

LADIES AND GENTLEMEN,

. DUELLING

In accordance with your request of the 29th ultimo, that I should furnish you with further details concerning the relative expenditure on out-door relief in the Limerick Union and the North and South Dublin Unions, and, also, as to the manner of administration of out-door relief in the Dublin Unions, I now have the honour of submitting to you the following returns relating to the expenditure.

Return A.—Shows table I. the population of each of the three Unions, the average number of cases and persons relieved each week for the years 1900-1905, both inclusive, also the actual yearly expenditure on out-loor relief in each of the three Unions for the same period.

Table II. shows the yearly average of the above six years both as regards cases, persons, and expenditure in the three Unions.

Table III shows the average expenditure per head releived, calculated on the average number of persons for the six years.

Table IV. is a comparative statement of the average yearly expenditure in the Limerick Union on out-door relief with the same in the Dublin Unions, and a comparison is also drawn, between the number of persons relieved in the Limerick Union and those relieved in the Dublin Unions.

Return B shows table I, the average number of persons and cases relieved in the year 1905, together with the actual expenditure for the same period in each of the three Unions.

Table II. shows the comparison between the average number of persons relieved in Limerick Union and the North and South Dublin Unions for the year 1905, also the comparison of the expenditure in the Limerick Union and the Dublin Unions.

Table III. shows the average expenditure per person relieved in the three Unions for the year 1905.

In addition to the facts which are apparent from these returns I think it well to point out to you that whereas in Limerick Union the expenditure on out-door relief forms about 1/7th of the total expenditure of the Guardians, in the North Dublin Union, it forms about 1/22nd, and in South Dublin Union 1/18th.

Out-door relief in Limerick Union is distributed in money to the persons in receipt of it, from fixed depôts.

In both the Dublin Unions the out-door relief is given in food.

In the North Dublin Union the food is distributed to the recipients living in the city from a store in the Workhouse premises, and to those who live in the rural portion of the Union it is distributed from fixed depots having first being conveyed to the depots from the Workhouse in a van. There are in all 13 different depots in the rural portion of the Union, one of the depots being 11 miles from the Workhouse, one 8 miles, one 6 miles, and the others being four or less miles from the Workhouse.

These depots are all included in two dispensary districts, and the van goes to each district twice in the week.

It is important to remember that in the first instance the food is all distributed from the Workhouse store proper, the bread being baked in the workhouse, there being only two paid bakers, and twelve inmates assisting, with a little extra help at Xmas, time

The officers concerned in this distribution in addition to the relieving officers who are primarily responsible for the distribution are the worhouse storekeeper, a wardsman who only assists at the distribution in the city cases, and a van driver.

The wardsman in addition to assisting at the distribution of O.D.R. acts as night attendant every second night in the infirmary.

The scale of out-door relief allowed in the North Dubltn Union is as follows :-

For I person 3 ozs. tea I lb. sugar 3 2 lb. loaves.

2 persons 4 ,, ,, 2 ,, ,, 6 ,, ,,

3 ,, 8 ,, ,, 2 ,, ,, 6 ,, ,,

4 ,, 8 ,, ,, 2 ,, ,, 8 ,, ,,

For more than 4 persons 8 ozs. of tea, 2 lbs. sugar, 12 two lb loaves. In addition to this, meat, stimulants and milk, as may be ordered by the Doctor. Meat is also given at Xmas and Easter.

In South Dublin Union the method of distribution and the quantity given is much the same, with the difference that the food is distributed from fixed depots, both in the City and Rural portions of the Union, and that in the winter coal is given out.

I remain,

Ladies and Gentlemen,

Your obedient servant,

CHARLES H. O'CONOR

Note.—The particulars relating to the expenditure and number relieved, given in my half-yearly report, include children at nurse. The particulars given in this statement and return exclude the children at nurse in all three Unions, and only the actual numbers and expenditure on out-door relief proper are dealt with.

LIMERICK UNION,

3RD JANUARY, 1906.

DR. SMYTH'S REPORT.

SIR.

I subjoin copy of Report of Committee relating to the report made by Dr. Smyth on the Workhouse Hospital, &c. Same will be considered by the Guardians at their Meeting on 17th instant, when, I trust, it will be your convenience to attend.

By order,

H. J. GUINANE,

Clerk of the Union

LIMERICK UNION.

The Committee met at the Workhouse on Tuesday, the 12th December, 1905, and made the following recommendations in connection with Dr. Smyth's report.

1st Food Vessels.

We consider that the food vessels should not be washed in the Hospital but in the Scullery. We recommend that a small hand-lift be provided to carry up the food from the kitchen to the Diet Room, and also to be used for lowering the food vessels, &c, to be washed in the scullery. We think that one light ward wagon might be procured for use in distributing the food on the Male side of the Hospital. Male side of the Hospital.

We consider that a reduction might be made in the number of inmate helpers in the Not adopted Infirmary, and that the Doctors should be asked to try to effect this.

2nd Nursing.

We consider that if the Medical Staff can show that a saving can be effected by reducing the number of inmate helpers, it would be advisable to appoint two additional nurses. The Proposed by Lady iney seconded by Mt J. a Lynch. That a Nurse (Nun) be 3rd Dietary. Juel and eight with a ration of evien. The helpero to

I lb of Beef As each We consider that any change in the Dietary must be left entirely to the Medical Staff, but pins of beef tea suggest that 12 ozs. of beef would be sufficient to allow for making a pint of beef tea instead of 1lb. as at present. We adopt this view in consequence of the present improved method of cooking. As be continued

4th-Water Supply.

It appears that the water supplied to this Institution by the Corporation is filtered. With lt appears that the water supplied to this institution by the corporation is more regard to a deficiency in the supply of water during certain months of the year, Mr. Hassett, a regard to a deficiency in the supply of water during certain months of the year, Mr. Hassett, a member of the Committee, considers that a larger main is now necessary, in consequence of the for letter from new houses lately built on the Ennis Road. We recommend that a deputation of the Guardians Town Clark meet the Corporation, with a view of putting this before them.

5th-Soiled Linen.

adopted

Soiled Linen to be removed as referred to in Dr. Smyth's report.

6th-Dietary of Lunatics and Epileptics.

adopted

The change suggested by Dr. Smyth to be carried out by the Master as soon as practicable.

7th-Children in Infirmary.

The 23 children included in the Infirmary list to be transferred to another list.

That the recommendation of Dr Smyth, with regard to the children in St. Bridget's Ward. be carried out, and that St. Bridget's Ward be converted into a day room for the Female epileptics.

8th-Female Lunatic.

Done

Protection Lattice to be done by the Master.

he Reports of the Master were read, and Orders made thereon as follows -

He hegs to Report-

9th-Fever Hospital.

The Master to arrange for the conveyance of Fever Patients in the ambulance to the door of the Fever Hospital. Other details of Dr. Smyth's recommendation, in regard to Fever Hospital, to be deferred until the Sanitary annexes are built. We recommend that the three Nurses living on the ground floor of the Fever Hospital be transferred to the Dormitories of the

From the Guardians' Engineer. "As directed by the Guardians arising out of complaint made by Mr J.H. Lee, Apothecary, I examined the City Dispensary, there are about 60 slates broken or off, wire lettice broken, eaveshoots require cleaning and jointing, several large panes of glass broken. Total cost £10:0:0.

From the Secretary, Dublin Industrial Development Association 9 Dawson Street, Dublin. "I am directed by my Council to draw your attention to the enclosed Specimens of the "Medical Press" just issued, and to the question of the consideration of Menders for supplies of Drugs, Medicines &c for the ensuing year.

These contracts amount in the aggregate about £20,000 annually, and owing to the recent action of the Local Government Board, we are informed that fully three-fourths of the amount is now being made paid to English Firms of Wholesale Druggists, who do not contribute one penny to the rates. The Reports of the Visiting Committee were read, and Orders made thereon. as follows:-

Special Committee appointed to inspect the Good Shepherd Convent Laundry.

"We beg to report having visited the Laundry at the Magdalen Asylum to see the machinery and compare efficient of it with that of ours. We were met by three of the shown Community and shewing through the entire system. The Number of the plant. The following particulars were obtained:-

To work the laundry in a successful manner we are informed it would be necessary to have a Trained Laundress otherwise it will take years to have it worked with anything like satisfaction. The clothes when taken from the wring are far dryer than what ours are, and we recommend that the attention of our Engineer should be drawn to this fact and there is no doubt byt the Laundry is much more satisfactor, than ours.

We would recommend the most serious attention of the Guardians to the necessity of further testing our machine, before going to more expense as we are of opinion it should the work muck better than what it does".

Even the Clerk. Relative to the report of the Lady Inspector as to neglect in forwarding Form A, in reference to the case of Michael Kirby at nurse with Mrs Keogh of Kilnacreagh, he begs to state that this case was referred to the Ladies Committee for report, as it was a contentious one, and Clerk to enable them to arrive at a conclusion in the case sent them on the Form A, for their information. Unfortunately it was not sent back and escaped attention.

The Clerk has forwarded a fresh form to the Lelieving Officer to get filled up in order to comply with rules laid down by the Local Government Board.

As regards giving notice to the several Relieving
Officers when a child leaves the Workhouse for the purpose
of being sent to nurse, I beg to attach a Notice which
was prepared when the Board's circular relative to Boardedout children dated 31st December 1903, No:-59,817/1903
was received and left them with the Master to send out
when a child would be sent to nurse. The Master being the
person who discharges the children, and being more in touch
with the discharges that take place, the Clerk considered
it better that the notice should be with the Master to
notify the Relieving Officers. In addition to the notice it
has been the custom of the Assi stant Master to inform the
here on
Relieving Officers when they attend/Board days that such
and such a child has been sent to nurse.

Copy of Notice. attached.

The Clerk has forwarded a tresh form to the telleving Officer to get filled up in order to comply with rules leid down by the moort Covernment Board.

As regards giving notice to the several fellowing officers when a child leaves the forkhouse for the purpose of being sent to names, I beg to attach a Motice which are prepared when the Board's circular relative to Boarded-out children dated also become 1903 Mo:-59,819/1903 was received and left them with the Jester to send out when a child would be sent to names. The Jester being the preson who discharges the children and being more in touch with the discharges that tears place the Clerk considered it better that the notice should be with the inster to notice it noticy the Fellowing Officers. In addition to the notice it is been the custom of the Assi strut isster to inform the fellowing Officers when they strend/world days that such and such a child has been sent to more.

No:-16,482/ 1906

Acknowledging receipt of minutes of Proceedings of the Guardians on the 14th instant, when the Guardians, after notice, re-affirmed the Resolution adopted by them at the specially convened meeting held on the 29th ultimo formulating scales of salaries for

- (1) ... the Medical Officers of the Dispensary Districts of the Union
- (2) ... the two Compounders of Medicine employed in the Union, and
- (3) ... the Visiting Medical Officers of the Workhouse.

The Board have in the circumstances

- (1) ... the proposed scale for the Dispensary Medical Officers, namely, an initial salary of 2150 a year for each Medical Officer, rising by increments of £12:10:0 after each quinquennial period of service approved of by the Local Government Board to a maximum salary in each case of £200 a year; and
- (2) ... the proposed scale (a) for the Compounder of medicine of the Limerick Dispensary Districts, nemely an initial salary of £125 a year, rising by increments of £7:10:0 after each quinquennial period of service approved of by the Local Government Board to the maximum salary of £155 a year, and (b) for the Compounder of Medicine of the Workhouse, namely, en initial salary of £100 a year rising by increments of £12:10:0 after each quinquennial period of service approved of by the Local Government Board to a maximum salary of £150 a year.

The following table shows the salaries of the several Dispensery Medical Officers, and the Compounders under the scales as now sanctioned: -

Compounder Salary under proposed Scheme 155 : 0 : 0 Mr John Lee (Dispensary) 112 : 10 : 0 Mr J.J. McMahon (Workhouse)

(3) ... The three Visiting Medical Officers of the Workhouse, Dr Mulcahy, Dr Brennan, and Dr McGrath, were appointed so recently as November, 1902, at a salary of £50 a year each. The scale proposed by the Guardians provides for an initial salary for each Visiting Medical Officer of £100 a year rising to a meximum of £150 a year.

Drs Mulcahy and Brennan are Dispensary Medical Officers in the Union and Dr McGrath is Medical Superintendent Officer of Health of the Limerick County Borough at a salary of \$100 a year.

The Visiting Medical Staff of the Workhouse was increased to three Officers so recently as November 1902; and having regard to this fact and to the other public appointments held by the Medical Officers as well as the amount of duties to be discharged, the Board consider that the initial salary for them should be fixed at £50 a year each, as at present, and that a scale providing for increments and a maximum salary might be adopted the maximum to be attainable by each Officer after 20 years good service.

Proposed by Mr Patrick Lane That we the Idmerick Seconded by Mr Ryan (O.B. bridge) Board of Guardians hook with great alarm and protest most strongly against the contemplated removal of the restrictions prohibiting Canadian store cattle into England. That we warn the Covernment if such be the case, it will mean the ruin of the Irish tenant Farmers, it will kill the industry of the small and medium Farmers, viz: - the breeding and rearing of store cattle for the English Market it will bankrupt those that have purchased. Now that the Liberal Government is in a large majority, we appeal to them not to let their first action be detrimental to Ireland for as sure as the Canadian cattle are let come into England, they will take the pales of our cattle and ruin this Country.

27th March 06. No:-17,502/1906 That the Board have had under consideration to tenders for the supply of Medicinesa and Medical and Surgical Appliances to the Union for the year comment the 1st proximo.

The Board observe that the Guardians accepted the tender of Messrs Boileau & Boyd, Dublin for the supply of Medicines at an abatement of 33% on prescribed prices, although they had before them a tender from Messrs Sumner of Liverpool offering more favourable terms, viz:- 35% abatement.

While the Board have some doubts as to whether the course taken by the Guardians in this instance is best calculated to serve the interest of the ratepayers, they are, nevertheless, not prepared to withhold recoupment in view of the comparatively small difference in the tenders and grounds put forward by the Guardians in support of their action.

Pointing out as regards the increases of salaries recently sanctioned for the hispensery Medical Officers and the two Compounders of medicine of the Union, that so fee hack as August, 1904 the Ouerdians through a Committee of their hody, formulated scales of salaries for these Officers, and after notice, adopted the recommendation of their

9061/380'6 404 VDI41' 1608 condition, however, that a molety of the increases be recouped. As the law stood the recoupment could not be made and the Guardians were so informed. The Board's letter on the subject was before the Guardians at their meeting on the 7th September, 1904, and the proposal was then allowed to drop, but on the 14th of February last, a notice of motion was handed in again to consider the question, and, at the meeting on the 28th February, scales were adopted. On that occasion 42 Guardians voted for the adoption of the scales and 32 in favour of an amendment to the effect that no increases of salary be granted.

A notice to rescind the Resolution of the 18th
February was handed in at the meeting on that date, but the
motion was rejected when it came on for consideration on the
14th ultimo, the voting being 34 Guardians in favour of
rescinding the resolution of the 18th February, and 37
Guardians against doing so.

In these circumstances the Local Government Board as accepted the Resolution of the 18th February, confirmed on the 14th ultime, as representing the Guardians' decision, and the Board thereupon sanctioned the proposal so far as it dealt with the cases of the Dispensary Medical Officers and the two Compounders of Medicine. The Board have now to point out that the increased salaries to these Officers cannot be withdrawn as proposed.

With reference to the letter of the Local Government Board of the Sist March, 1906, No:-13,418/06. The men named Michael Connell is at present an inmate of the Workhouse. The ordinary wooden leg with leather socket would not suit in his case as the amputation took place a little above the angle and the remaining stump to the knee would project too far back. Most of the man's work is confined to a boggy locand it would be necessary for him to have a boot".

Pursuant to notice of motion, it was

Proposed by Mr Patrick Bourke , That the Clerk be Seconded by Mr James O'Regan

directed not to pay the increase of salary

granted to the Dispensery Doctors and Compounders until such time as the Local Covernment Board grant an Inquiry into the whole circumstances of the case, as we believe that the voting of some of the Members of the Board was mistaken and without due information as to what the sums to be given as increases were to be.

dissenting (Passed.... Miss. Derrington. Messrs Cuddily. J.P. Lynch. / Ald Prendergast left the room before the notice of motion came on for discussion).
