re Guardians v Daniel Murphy

In reply to yours of the 24th inst. I beg to report the result of this case as follows:- The Judge adjourned it, to the next Sessions

for Limerick which will be held in October next. The Judge's reason for doing this was that Murphy appeared before him and gave an account how he was boycotted and unable to make any use of his land, and that he had no means of paying. He therefore said that he would endeavour to pay the sums by instalments. He then produced a letter written by Murphy to the Guardians in which he made a certain offer, and he wrote in reply to the Judge that he never received the Guardians letter in reply. In adjourning the case the judge ordered Murphy to make the best arrangements he could with the Guardians before the next Quarter Session.

No 54068/1910 } Stating that they have
29th August 910 } received the Half-yearly
Report of their Inspector
on the Sweaney consequent upon his recent
inspection of the Workhouse, which is of a
generally satisfactory nature as regards
the management of the Institution and the
discharge of the duties by the several
officers. The Inspector states that the
sleeping accomodation for the night nurses
is very defective and from a sanitary point
of view badly situated. The Guardians
would do well to provide better sleeping
apartments for these nurses. The Inspector also
observes that a closer discrimination would
be advisable in the matter of out door Relief.
It appears from the Report that the visiting
Committee met and reported only once during
the half year and attention is directed to

article 59 of the Workhouse Rules on this subject.

I have the honour to report that I have audited
the accounts of Kenmare Union for the
half year ended the 31st March 1910 and I forward
herewith four certified abstracts thereof in
pursuance of your order in that behalf made
and provided
I have disallowed the sum of 9/- paid
out of Petty Cash for the conveyance of Patrick
Bryott from Kiefinane to the Cork Bench
asylum as the man was not at the time
an inmate of the Workhouse and his
expenses could not therefore be legally
defrayed. I have surcharged the amount
to the Clerk of the Union who paid the
money
Relieving officer Cronin states that the
children of Pat^k Farrell are earning £78
a year and yet he is getting 4/- a week
relief. The Guardians should look into this
matter and make the children
contribute to the support of their father

The following letter was read from the Medical Officer of the Workhouse. viz. "I beg to draw attention once again to the deficiency of the water supply at the Fever Hospital. It is now a matter of daily complaint when I go my rounds every morning that there is no water either to do the washing or to flush the Closets. I often see large quantities of Clothes lying unwashed in the wash house because there is not a drop of water in the place

we have at the present moment six Typhoid Fever cases, and thirteen cases of Scarlatina. the washing for all these cases is a heavy business, and it is courting disaster not only to patients but to nurses and attendants to permit such a Scandalous state of affairs to continue. Any one of us may become infected if some means are not taken to give an abundant water supply. I trust you will seriously consider this matter, and take steps to give us a good and unfailing water supply in the future"

The Minutes of the last Meeting were read and signed.

The Clerk's Report on the execution of Orders previously made by the Board was read to the following effect:—

Guardians v. Farnell

I made application on the Guardians behalf at the Quiane Petty Sessions for an order requiring those three men to pay the amount of relief afforded to their father and to contribute in future to his maintenance The magistrates unanimously refused the application. I understand that their reason for doing so was that they believed that the defendants were unable to contribute and that they were already contributing to the support of their parents and an invalid member of the family. I think they were also influenced by the fact that the relief has now been stopped.

The Master's estimate of Provisions and Necessaries required for the ensuing week was examined, and Orders were duly made for the several articles specified, namely:—

lbs. Flour	lbs. Arrowroot

Read

The following was read from Dr. P. J Macnamara. M.D
Medical officer of the Workhouse.

I beg to direct your attention to what I
consider an abuse of the services of the Infirmary.
Persons in good circumstances are being
continually sent in, suffering from alcoholism
in various stages, some are in a state of
delirium, and irresponsible for their acts.
These men though well able to pay for nursing
attendance when our homes are sent to Hospitals
with a view of avoiding the trouble and
expense of being treated at home. The reason
is that we have to employ sometimes 3 or 4
attendants to look after them, the Hospital
ward is converted into a bedlam and
not only are the patients in that particular ward
kept all awake all night, but the patients in the
neighbouring wards have to suffer similar
deprivation listening all night to the howling
and ravings of a drunken delirious patient

At the present moment we have 5 patients, who
have recently undergone most serious operations
viz 3 abdominal cases including
appendicitis, one bowel case and a case of
amputation of the leg at knee. It is a dreadful
injustice to these people especially - not to
mention the other inmates, that their nights rest
should be broken by cases, such as I describe

I would respectfully suggest that the various
Dispensary medical officers be instructed not to
send well to do persons suffering from
alcoholism into the Infirmary, of course
it is quite a different matter with poor people
who are unable to afford out door nursing
we are always willing to do what we can
in such cases. but I would point out that
the difficulties of getting attendants from
among the inmates who are willing to
attend such cases in as the present and
that it is quite possible outside assistance
will have to be employed at no very
distant date.

Resolved: approved. The several Dispensary
Medical officers, were ordered to be
notified to comply with Dr Macnamara's
suggestions.

on the recommendation of the Medical
Officer of the Workhouse John Buckley
an inmate of the Workhouse was allowed
one pint of porter and one ozs of tobacco for
minding a delirious patient in the Infirmary
on the recommendation of the same Officer
John Manning and Michael Ryan were
allowed the same allowance for the
same services

The following was read from the medical
Officer of the Workhouse:-
Relative to the inquiry by the L.G.B
regarding the condition of the sleeping

apartments provided for the night nurses. I beg to say that on the occasion of his recent visit to the Infirmary Dr. Smyth and myself visited the place and discussed the various suggested remedies for making these apartments more suitable for the nurses apartments. Dr. Smyth suggests that the Hospital Shed known as St Anthony's ward be converted into apartments suitable for 2 night nurses and that the apartments at present in use be converted in a ward in connection with the Infirmary Accounts: Referred to House Committee
