That in consequence of being obliged to attend at Bruff Mallow and Tipperary Quarter Sessions for the past week, he has not examined the Master's or the Relieving Officer's Books and the Clerk's Books also have not been Completed for this period

That the Clerk's assistant Michael Barry submitted in error a wrong Bill for £20 instead of £15 due to Doctor P. Garrynue Auxiliary
May 19th 1833.

Gentlemen/

Being informed that I have been charged with the cost of three pair of Blankets and two Rugs stolen from this Auxiliary on the night of Tuesday the 10th Instant I beg respectfully to state that I have since I came here done everything in my power considering the unprotected state in which it was given me in charge without windows being barred or a room for myself in the same place with the children I have been placed in a room in a Building entirely separate from the concerns

I have acted as Matron Porter and Schoolmistress to this institution which was never before required of a person here

The robbery was committed at the Hour of about two

The cases of provisional relief, and applications for relief were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was	14
Ditto disallowed	.
The number of applicants admitted to the Workhouse was	38
The number of cases of provisional Out-door relief was	1
Do. do. in which relief was continued by the Guardians	.
The number of other applicants in the Relieving Officer's Books relieved by order of the Guardians was	.
The number of applicants for whom relief was not ordered	18

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: /this on the second Meeting after the Annual Election in every year/

two o'clock at night I had caused two steady careful women to sleep in the Wards in charge of the children which is all I could do these women gave the alarm as the party entered the concerns through the windows I immediately after came on the spot when they had just left through the same window I then remained walking about the place until about 4 o'clock when I came and reported the Matter to the Master Mr Nelson I then at about 5 o'clock went to Constable White to Barrack found the place closed I then went to Mr Gilberson who was asleep I brought one of his Servants with me back to the Barrack when Mr White got out of Bed I then told him what happened and the places I suspected for the stolen property as my object in going to Mr Gilberson was to obtain a Search Warrant but Constable White told me it was not necessary as he would have searched the place I mentioned after which I went back to take charge of the House

In the course of the day I heard the party had been arrested when I came over again to the Barrack I went before a Magistrate but as the attack was made at night and as I could not see the parties I was therefore unable to swear against them

I regret the case was not explained to the Gentlemen on Thursday last as I am sure they would have considered it

Trusting that this Explanation will be satisfactorily as no exertion on my part had been lost to secure your property

I have the Honor to be
Gentlemen
your obedient Servant
Mary O'Donoghue

To
The Chairman &
Board of Guardians
Waterford Union

"Ordered That the above explanation from Miss O'Donoghue which we deem satisfactory be inserted on the Minutes"

That the Sum of Eight pounds be given to Bridget Daley and four children to Emigrate chargeable to Springfort Electoral Division

With reference to the Poor Law Commissioners letter No 25358/53 Dated 11th May respecting the charges preferred against the Clerk It was

Proposed by John Cowker D.L.
Seconded by Robert Maxwell D.L.

That inasmuch as several of the charges against our Clerk Mr. Moore have altogether failed in being established and others of them have assumed a very mitigated form, This Board are of opinion that his removal from the Situation of Clerk would be prejudicial to the interests of the Union to the well being of which his services have much contributed, and in exercising the discretion which the Commissioners have given them by retaining Mr. Moore in his present Office they are greatly governed by the fact that no corrupt act or impure motive has been proved against him while during the period that he has been an Officer of this Union he has discharged his duties with zeal and integrity

Proposed as an Amendment by I. Carroll
Seconded by I Ryan

The following Petition was Unanimously adopted by the Board of Guardians

To

The Knights, Citizens, and Burgesses of the United Kingdom of Great Britain and Ireland, in Parliament assembled

The Petition of the Poor Law Guardians Ex officio and Elected, administering the Laws for the relief of the poor in the Kilmallock Union -

That on the Seventh day of August 1851, an act passed your Honourable House, entitled "An Act to provide for the better distribution, support and Management of Medical Charities in Ireland" &c

That by the 8th Section of said Act, Petitioners are required to make due Provision for carrying out the same

That the Salaries of the Medical Officers, form an important Item in such provision and that levying a rate sufficiently adequate for that purpose in addition to the Ordinary rate usually required and made for the relief of the poor (already most oppressive in many parts of Ireland) Petitioners feel warned be imposing a burden still more oppressive on the Rate Payers

That one half of the Salaries paid to the Medical Officers for Poor Law Relief in England is supplied from the Consolidated fund although the poor rates are much less oppressive in proportion to the property and industry in that Kingdom than they are in Ireland and the Medical officers there are appointed by, and accountable to, the Guardians of the poor only

Petitioners therefore most humbly Submit that the Medical Attendants of the poor in Ireland, being engaged in the public service, under the Control and Supervision of the Officers of the state, should be paid by the State.

Petitioners

Petitioners therefore earnestly entreat that your Honourable House will take such measures as to your wisdom may seem fit, to have the Medical Officers engaged under the Medical Charities Act, paid out of the Consolidated fund

And your Petitioners will ever pray

Mr. Donnell's notice of motion of the 12th Instant to fix the location of certain of the Work House Inmates, at present changeable to Emigrenman was adjourned to next Board Day

Proposed by Mr. T. F. Bennett

Seconded by Mr. Bouchier J. P. and

Resolved That a Sum of £2.10.0 be paid out of the Rates of the Electoral Division of Hospital as assistance in the Emigration of John Dooly an Inmate of the Workhouse having received a Sum of £3.0.0 from his Sister

Education Office
30th May 1853

Sir

We forward for the information of the Board of Guardians the following extracts from the district Inspectors Reports of the 15th 18th and 19th instant on the Male, infant and female departments respectively of the Kilmallock P.S. Union National School

Male School — Michael Hankins qualifications are tolerable John Shines are of a mediocre order the School is tolerable with Conduct Gen. progress has been made as to the several branches of elementary instruction to which Childrens attention has been directed

Female School — The Teachers literary acquirements are of a very mediocre order beyond mere instruction in Spelling and reading. Teacher appears to me to have no idea whatever of the mode of developing the Childrens intellectual faculties This is my first inspection the literary proficiency of the pupils is by the meanest order and is not likely to be much improved as I am of opinion that under present arrangements it will be found entirely beyond the capabilities of this Teacher or of any other person to conduct with any reasonable hope of success. the several departments of the School the Inspector states that the average attendance for the Six Months previous to his visit amounted to 153

In addition to the Constant Supervision necessary upon the part of the Teacher to the due Management of the Embroidery department she is also required to discharge the onerous and responsible duties involved in the General Instruction of the Children In justice therefore to the Children whose literary education is in my humble judgment about to be sacrificed to industrial instruction I would suggest for the consideration of the several Guardians the propriety of at once appointing a competent literary Teacher the present being better adapted to impart industrial instruction than literary instruction to whom alone may be confided their literary training She is not to accept I would be quite absurd to expect that any satisfactory results either with regard to Embroidery or otherwise can arise under the present Organization of the School

Continued

Infant School. The Teachers literary acquirements are of a very Medium order Sper Method of conducting the Schools Mechanical

This has been my first inspection I gave sug gestions to the Teacher as to the better Organization of School and also as to the Necessity of adopting more general a full and explicit explanations of the subject of each lesson

Copy. Kilmallock

Sir

I beg to complain of the conduct of the Reverend Mr Mulcahy curate of the Reverend Thomas Cannes R.C. Chaplain of the Workhouse of Kilmallock and who has been guilty of the following Offence

On Saturday last having gone into a Room where Mrs Bennett a protestant was in charge of about 20 persons all of whom were Roman Catholics, he found a copy of the New Testament lying on the table and having opened the Book he examined to whom it belonged upon which he was informed that Mrs Bennett a Protestant was the owner when he tore the Book and flung it with all his strength on the ground and threatened to burn such a Book the next time he should find one

The above has been reported to me by Mrs Bennett and her Husband and I have every reason to believe it to be true and I have the Book in its present Mutilated State A number of persons (Roman Catholics) were present on the occasion and they can be examined if necessary as to the truth of this Statement

I have no objection in view in preferring this Complaint except a concern for the interests of Religion and a desire to discharge my duty as a Protestant Clergyman.

I am Sir
Your obt Servt

Board of Guardians of the

Kilmallock Union

Gentlemen

In Compliance with your Resolution of the 26th May last Calling for my explanation of the Cost of Printing and Stationery in this Union Since I became Clerk and for 2 years previous

I beg respectfully to submit the following for your Consideration viz—

Cost of Printing and stationery &c in the year ended 29th September 1848 £302 : 5 : 9½

Ditto year Ended 29 Sept. 1849 £366 : 19 : 3

Ditto year Ended 29 Sept. 1850 £396 : 19 : 0

Ditto year Ended 29 Sept. 1851 £462 : 1 : 9

Printing and stationery from the 29th September 1851 to the period of my taking office as Clerk of the Union being nine months £339 : 17 : 5

While I have been in the office of Clerk viz 27th May 1852 the date of my appointment to the 26th of May 1853 the Sum of £410 : 15 : 7 has been paid. but of this sum £143 : 17 : 9 was due when I took office leaving only £266 : 17 : 10 in my twelve months which was incurred as follows—

Books and forms for workhouse officers and Relieving officers	£58 : 8 : 11
Books for Poor Rate Collectors	£15 : 2 : 3
Printing names of Paupers Relieved & arrears	£95 : 1 : 6
Medical Charities Stationery and all other supplies	£92 : 7 : 8
Amount per order of the Board to Printing Estimates of Rate	£5 : 17 : 6
Total	£266 : 17 : 10

The Guardians on the 1st July 1852 passed a Resolution to have the names and other particulars of all those receiving relief printed and posted through the Union when it became my duty to carry out this order. I stated my opinion to the Guardians that it would be very Expensive and productive of from my experience. little good, however the Guardians Carried out their Resolution to print the names by which there was incurred a Sum of £75 : 1 : 6 also the Sum of £20 : 0 : 0 for Printing lists of arrears as ordered by the Board

I have a right to credit for those Sums in as much as they were incurred by the Board and not by me as You were led to believe on the day You demanded my explanation and therefore will reduce the sum in the 12 months. I have been in office to £171 : 16 : 4

There has been within the same period a Sum of £57 : 14 : 6 paid to News papers for advertisements with this I had nothing to say but merely to obey the orders of the Guardians in sending the Advertisement

In March last when Gueral Supplies for the Union were required I inserted a shot Advertisement in the usual papers a Copy of which I enclose stating that Tenders for Gueral Supplies would be received and Considered on a Certain day and that I had Printed Catalogues of the articles required which I would Supply to any person Calling for them by this means the Advertisement for the half Yearly Supply would Cost the Union £7:0:0 to £9:0:0

In this case motives were attributed to me in not giving the name of every article required & was then ordered to insert the name of every article in the advertisement and to send a Copy to the Limerick Chronicle General advertiser the Limerick Examiner Munster News Cork Reporter advertiser and Examiner. in Consequence of which the Union incured an Expense of about £30:0:0 whereas if original Plan of advertising was carried out it would not cost £6:0:0 of them

Trusting that the above explanation will be deemed Satisfactory

I have the Honor to be,
Gentlemen,
Your obedient Servant,
P Moore,
Clerk of Union,

Proposed by K Ryan and seconded by Mark Cleary and unanimously adopted.

Resolved,

In reference to the Poor Law Commissioners letter of the 29th Instant No 39,529 Calling for the Porters resignation. The Board Confidently trust that the Commissioners will not insist on the resignation of the Porter on account of his long and tried Services as well as his great efficiency in detecting and bringing to Prosecution the Robbers of Union Property as also his great firmness in aiding the different Masters of this workhouse in suppressing Riots amongst the inmates, even at the risk of his own life. It is therefore with very great regret that this Board have heard read the Commissioners Letter Calling for his resignation which if persevered in would be prejudicial to the Interests of the Union this Board have invariably found the Porter to be a man of strict Sobriety and if he has been indiscreet or fallen into any excess on a late occasion it only occurred when he was not on duty but away on leave during a wet day, a long Journey and while fasting - under all those Circumstances this Board are now unanimous in Calling on the Commissioners to reconsider their letter and allow the Guardians to retain the Porter in his office and to render our request the more urgent in the Commissioners we affix our names individually to the Resolution.

The following letter from Mr Fitzgerald Guardian was read before the Board and ordered to be inserted on the Minutes

To The Board of Guardians Kilmallock Union

Gentlemen,

As a Member of Your Board I beg to make the following Statement that after the Board being adjourned on last Thursday and when leaving I was met by the Porter Patrick Kearney in the hall who said Something to me which I did not immediately Comprehend that the Porter followed me and Continued to say he was obliged to me for Calumniating him before the Board but that his character stood in defiance to me or the likes of me I said twice to Him I did not Calumniate him but he appeared disposed to listen to no explanation and said if he had me outside the walls he would meet me &c,

I said Mr Just then going out and any thing he had to say or do he may say or do inside or outside to which he replied that he would soon be outside also and that then he would meet me and have satisfaction too and Continued to talk other words in a reproachful and menacing attitude while I was walking towards the gate which I did not wait to hear. another Member of the Board Mr John Mortal happened to be with me at the time and I believe had it not been for his remonstrance the Porter would have proceeded to violence with me in addition to his insults

Now Gentlemen at the onset I beg to state I did not Calumniate vilify or even aspersе the character of the Porter upon the occasion referred to that I would have felt as shamed to depart myself in your presence in such a fashion and that if any person has told the Porter so it is simply a lie and that personally I do not Complain of any ill treatment Coming from such a quarter but Gentlemen it is quite another Though to feel that the respectability and independance of your Board must rest upon a very infirm basis when an officer of subordinate rank seems Competent to Call in question the propriety of the statements expressed or Course addopted by individual Members as such in the Discharge of his duties two questions Gentlemen seem to me to arise in Connection with this affair first assuming the facts stated to be true whether you will tolerate such Conduct in the person of an officer towards any of your Members and Secondly whether you will suffer your indulgence to other parties who remain at your Board during your

Special Business Continued

That the schoolmaster and schoolmistress be directed to take the Children under 15 years out to walk each day and that they take care that they do not straggle but to behave themselves properly

That the Auxiliary at Treuloise be closed and that the Paupers be brought into the main house as soon as the master has room for them and that the staff at Treuloise be then discontinued

That Samuel Harris's services as Clerk of works be retained by the month at a remuneration of two pounds a month and that he be required to attend at least two days in the week.

"Ordered" that Mr Harris lay before the Board at their next meeting a plan and Estimate for a shore as pointed out by Mr Townsend and Captain Robinson

The Inspector brought under the notice of the Board the uncleanly state of the weavers shop as well as his apprentices. The Board reprimanded the weaver (Michael O'Connor) who on being called before the Board promised that similar neglect would not occur in future

The Consideration of tenders for Repeated clothing was postponed till this day week—

In Consequence of the sickness of Margaret Hayes, Mr Coates notice to change her present chargeability was not Considered—

The following Report from the Clerk was read and ordered to be placed on the Minutes

That in Consequence of the Clerk not having received an Explanation of the following irregularities in the storekeepers Book for the week Ended the 9th Inst though required by him on the 5th Inst, He is now obliged to call the attention of the Board of Guardians to Mr Brassells (the storekeepers Conduct

That although 500 lbs of salt was Consumed during the week Ending 2nd. July as appears by the Consumption account. none appears to have been issued in the week by the Storekepers Books. 1120 lbs of salt appears to remain in store on that date while the Provision check Book only shows 620 lbs. that 82 quarts Skimmed milk 27 Cwt of Coals 1563 lbs of Oatmeal appears in store by the storekepers accounts on the above date while the Provision Book shows 1434 lbs of oatmeal and no Coals or milk remaining on hands.

That in the week Ending saturday the 16th. Instant the Bread Contractor Messrs Shaw & Duffield furnished an Invoice of 3151 lbs of white Bread as as Supplied in that week and only 3089 lbs at a cost of £15:5:8 (instead of £17:4:7¾ as shown in the Contractors Invoice) has been charged in the Provision Book as Received during the week. that instead of furnishing the Clerk with the Invoice of the Contractor the storekeper wrote one himself for 3089 lbs of Bread value £16:17:10. which was Certified and sent to the clerk as a Correct Invoice as if coming from the Contractor (though only £15:5:8 is charged on the Provision check Book). Several other Invoices in the storekepers writing instead of the Contractors were Submitted to the Board by the Clerk.

The clerk reminded the Board that Confusion would be created in the workhouse Books in not procuring Invices from the Contractors, in suppressing those furnished by them, and putting in fictitious ones written up and Certified by the storekeper and that it was for untrue entries of this nature Mr Brassil predecessor Mr Ryan was Suspended (See Minutes of the 30 September 1852) 10 lbs Tea delivered in the week Ending the 16th Inst by Mr Madigan of Charleville was not debited on the Provision check Book but the Master states he will do so in the next week.

The opinion of the Board is on reading and Examining the clerks Statement that the Storekeper has Committed so many irregularities in Keeping his store account that he be reprimanded by the Chairman and Cautioned against its occurring again and that he write on his store account the quantity of salt that he has omitted and that he must not in future write out any Invoices for any Contractor that the Board will Consider whether he is fit for his situation or not if he disobeys this Order and that the master debits himself with the amount of Coal that appears as overplus at Lamplot Auxiliary.

The Board of Guardians having had under Consideration the Return of the Expenditure of the Union for the half Year Ended the 29th September 1852 which was furnished to the Commissioners by the Clerk in January last and upon which the Commissioners state that they struck the amount of Consolidated annuities to be remitted on Certain Electoral Divisions for that Year,

"Resolved" That that return being taken from the half Yearly accounts as audited to the said 29th Sept. 1852 and included only such Sums of the Expenditure for the year as had been actually paid previous to that date and that there is a further Sum of £1548:0 not included in said accounts but which forms a part of the regular Current Expenditure of the Union for the Year ending 29th September 1852 Consisting of liabilities incurred for Establishment charges during that year but which had not been discharged previous to 29th September 1852 and were therefore not then included in the audited accounts or apportioned in the Electoral Divisions but which Sum has since been paid and the Board further Submit that no charge was made for clothing for the ½ year Ending the 29th Sept. 1852 in Consequence of the large Expenditure in previous Years and the said Balance appearing by the Ledger being less than the stock on hands that

they would be entitled to include in the Expenditure of that Year the sum of £1733 being at the Rate of one halfpenny per day for each pauper and as the Board believe that neither of the sums Amounting together to the sum of £3281 has been ever yet taken into account by the Commissioners in Estimating the Yearly Expenditure of the diffrent Electoral Divisions of this Union for the purpose of fixing the Amount of Annuities to be remitted pursuant to the Treasury Minute referred to in their letter of the 14th June last. they Submit to the Commissioners that said sums as they form a part of the Expenditure of the Union for the Year Ending 29th September last should be added to the Amount of the Yearly Expenditure Contained in the Return (taken from the audited accounts) furnished to them by the Clerk in January last) and apportioned amongst the several Electoral Divisions of the Union in Calculating the amount of annuities to be remitted pursuant to the said Treasury Minute and the Board Submitted to the Commissioners that as their is a Bill now before Parliament providing for the Total remission of that portion of the Debt due to Government for the Amount of Consolidated Annuities still outstanding there will not be any opportunity hereafter of including these sums in the yearly accounts of Expenditure so as to Come in favour those Electoral Divisions in which the years Expenditure with the addition of those sums would entitle them to the benefit of the Treasurer order reffred to unless said sums are taken into account in the Expenditure for the year ended 29th September 1852 of which the Board submit the form apart

Proposed by J H Bennett and unanimously Resolved. That the Clerk be directed to omit from the new Rate Books the houses which have been levelled and not now in Existance that the Collectors be called upon again to mark all such houses in Ink in the observations Column of the valuation Books aswell as all vacant Houses and the present occupiers. That the vacant Houses be so marked in the Rate Book and no Rate be made on them

"Ordered" That the clerk issue the usual 14 days notice as soon as the Rate Books are Copied

Ordered" That the widow Johona Dinan a pauper of this house charged to Kilfyrm having received a cheque for two pound from Armeed be discharged on this day

That the Master be directed to purchase clothes for Ellen Connors charged to Cruff Electoral Division that she may go to London to her friends

Morgan D O Connell
M. D,

"Ordered" That the Inspector of Schools Mr M Loughlin be informed that she Cannot in Consequence attend the Examination to be held on the 6th August next

The following is a copy of a letter read from Mr. William Gerald Guerdon - and ordered to be inserted on the Minutes

To. The Board of Guardians of the Rathkeale Union

Gentlemen

I beg to report that upon the occasion of serving the House this day week and in Going through the adult female room there several of the inmates then complained to Mr Townsend & me that they did not get the proper quantity of Meal about for Breakfast that the Measures allowed them were not filled. The assistant who was with us said that was their own fault for that in order to increase the Capacity of the Measure they had bulged the bottoms out and Exhibited the vessel (Marked 6 oz) which proved to be the fact

Now Gentlemen in these Observations I do not desire to imply any culpability upon the part of the officers but I submit that officers who are not disposed to Wrong the poor will not necessarily wish for an opportunity of doing so it is evident that the delivering out of the prescribed quantity of 6 oz in the Measures appeared to lies within the discretion of the distributers and whether you will leave this opportunity so liable to abuse unrectified is, I Submit, a Matter most properly within your consideration If the other good results from the substitution of proper vessels for those damaged ones than the removal of even an imaginary Grievance I believe it would be doing something for the integrity of the House & the Board

I am Gentlemen
your obt Servant
William Gerald
