SUBJECT OF CLERK'S REPORT.	DECISION OF THE BOARD OF GUARDIANS.
1st With reference to the Commissioners letter of the 28th October 1856. No 22,253 directing Clerk to record on minutes the inaccuracies found in the Books Nov 5th by the assistant Master. The Clerk begs to report that Provisions to the amount of £134:15:1 had been placed on the Books without an Invoice being produced for their delivery which is contrary to the order of the Board. That the Provision Books shows the receipt of sugar and other articles from Mr O'Sullivan in the week ending the 18th October and on reference to the Invoice it appears that these goods were actually received in July last. That the clothing of outgoing paupers has not been retarded as it should have been. That 50 quarts of sweet milk and 12 gallons of skimmed milk was over charged in the week of the 11th October. That the numbers in the work house Register have not been entered in the Weekly Medical Return.

The Treasurer's Book of Receipts and Payments was produced, by which it appeared that there had been

And that the Balance on the Account in favor of the Guardians was, - £1232 : 4 : 3

The Book was signed by the Chairman.

Sir I have to request you will send me a copy of the Testimonial that the Guardians passed on my behalf at the time they endeavoured to obtain for me a Free passage to Australia as I cannot remain unemployed here I must observe that to the Best of my ability I did my duty for you for the last 3 years and that for the matter of an Appartionment of 1/2 d is too,

		too, Lady to deprive me of employment They Abstracts were correctly made out except the mere discrepancy of 1/4 pence I considering that the way it was managed by me was the Best way. Of course the Auditor would see it and if he objected then I would not be long correcting it in any way he would point out I thought I mentioned the matter to you and was under the impression that you were quite aware of it but on turning it over in my mind I find it may be possible that I was under a mistake, especially as I find Mr Hughes who saw the matter Passed as I did, thinks that I am wrong, I have done nothing wrong I think I sent Leave applied to appertain the Accounts to the Best of my ability. I did not put the 1/4 pence in my pocket and I hope therefore you will not deprive me of my place and that the Board of Guardians will not object to me, I have done the business of the Union to the Satisfaction of the Board during your leave of absence, and if the Assistant master instead of bolstering up this Error in the appertainment had called my attention to it or represented it to you instead of keeping it to bring it before the Board. I would correct & place it clearly before you. I could have no advantage from the thing the one way or the other. but it is quite clear the assistant master intended to ruin me he knew the figures were mine and instead of reporting to you that the appertainments had been incorrect he brought it before the Guardians when I was taken in a hurry by the Inspector and questioned as if it was the hanging of a man. I did not well know what I was saying I was so confused all about 1/4 pence. Of course that I had no profit out of. I thought I spoke to you about it. I did not consider it of any importance. Knowing the Auditor would see it and object to it of wrong Jan Sorry that I apportioned it that way but I was doing it as well as I could & did not see it was wrong to do it. I hope this Explanation will Satisfy you and that you will restore me to my place again. I hope I beg respectfully to assure you that the assistant Master will,

Clerk's Report Continued.

(C) The Clerk reported, that on the 6th November 1856. He informed the Board that among other articles to the amount of £134:15:4. the assistant Master charged 4 Cwt of Soap on the Provision Check Book without producing an Invoice for their delivery as required by Resolution of the Board to that effect. It appears that Mr. Flynn returned 3 Cwt of this Soap to the Contractor six weeks ago and neglected to take it off the Book up to the present time. The Books show the Cost of 4 Cwt of Soap due to the Contractor while the Contractor claims but one Cwt thus showing fictitious balances.

This Soap was received and returned to the Contractor by Mr. Flynn during the absence of the Master on leave.

That the Clothing Materials Book shows 316 yards of Bengal Stripe on hands. 20 yards of which were used during the past week in mending and making and instead of entering the remainder 296 yards. He only entered 196 yards thus leaving 100 yards off the Book altogether.

Mr. Flynn having been called before the Board to explain when it was Resolved

That the Board having inquired into this complaint and are of opinion that these charges have been proved and that the assistant Master is greatly to blame for his inattention.

(A) The Assistant Master then tendered his resignation which was accepted by the Board and the Office abolished.

(126)

(P) That the attention of the Poor Law Commissioners be drawn to the Resolution on minutes of the 4th December 1856 requesting to be furnished with a copy of the Evidence taken at the Inquiry into the alterations in the Workhouse Books held on the 6th ultimo.

(S) Ordered. That Mary Sullivan be discharged off Emly Brennan Electoral Division and be changed to Bruree Electoral Division.

(O) That the Board has transfered the charge of the Fever Hospital to Miss Margaret O'Donohue and she to receive first class Officers rations and the Vacancy caused by Mrs. Daly not to be filled up for the present

(P) That the Petty Sessions Clerks be directed to furnish his account monthly.

(M) The Master be directed to provide Breakfast and Dinner on Christmas day for the Inmates the Same as last year

(M) Mary Minehan an Inmate charged to Rockhill Electoral Division was ordered to be discharged and to get a Suit of Clothes cost not to exceed 5/0d as she can get employment

(B) Resolved Unanimously. That this Board do adjourn for three weeks the next meeting to be held on the 8th January 1857. The Relieving Officers were ordered to admit provisionally in the interim Such cases as may appear to require relief.

(S) Resolved. That the Clerks draw Cheques for the Salaries of the Relieving Officers.

The following is a Copy of a letter received from the late Clerk of the Union Mr James Charles O'Connell which was ordered to be inserted on Minutes

Gentlemen

(O) I am very Sorry to trouble you on this occasion indeed only for my losses of property you should never hear this application. It is an unpaid Bill for four years Coals and Candles Consumed at my place on the Union business. The Board room being then most dangerous and Cold I had refused to take the Workhouse Coals and Candles for fear of any waste and declare this Bill is totally unconnected with any other account whatever was repeatedly promised to be paid by many Guardians who even desired me pay myself and was authenticated by the Examination and Signature of three respectable members of the Board including the Chairman of the Union who in one of his letters which herein enclosed was pleased to say that I should not resign if he had known it. This was a long time after my resignation as me could stand up in the Board Room to vault their Honor or integrity. Mr Standish O'Grady Dr Bennett and Mr Riggs themselves large Rate payers and all their friends. they would Cut off their hands sooner than act by this Bill of £13 13s 6 without having examined and considered it but.

B

Number and Date of Letters. No.	Date.	SUBJECT OF LETTERS.	DECISION OF THE BOARD OF GUARDIANS.

(1) but there were no funds to pay it and though they then Sympathised with me. they were never supposed to incline favorably to one whom their opinion had taken so serious a part in Building the Workhouse where it now is

The Union besides had my labours and the best nine years of my life at a Small Salary indeed most of the period at £45 a year under many expenses and Crowds of Poor daily of my door Sam one of the few exceptions either in this happy Country or in Ireland who resigned Office or who was dismissed Office without leaving his Union or his employment a painful and Considerable loss, of Cash pon itself it is a Consolation to me in my Sorrows that the Union has not cost me a farthing by me and I only regret the fore-warnings I gave as to the beginnings of others were not more influentially Successful as it would have saved the Union the fearful Consequences and irregularities discovered by your present Clerk when he was Master of the Work-house

In conclusion if any Guardian says I delayed too long if this Bill stands over too long Well I have to that Guardian and I say he may be right it because no irregularities ought to be in Public affairs. but my Bill is truly an exception it is honest it is just. it is signed by Honorable Members. I repeatedly spoke of it even to Captain Cole a large Rate payer to whose letter I enclose, to many other Gentlemen Seven years ago. and the Union knows well the pitiable Confusion of my affairs my losses of Rents and properties in the Famine and Failure years alone. Heres record what Cost him £140. for taking up my Building ground his opposition to this Bill and me & bringing it before the Board. and my residence in England these five years all account for the delay and ought not to interfere with my Just Claim

I hope therefore you Will be pleased to order me this trifle £13-13-8 it ought to be £25-13-8 I had a right to get the £12 for the Rate Book in 1846 as well as in 1847 as £25 I never paid assistants for me more over as they did not Sign it or order it. I shall for peace and gratitude Sake take this £13-13-8 money out of Rates for 4 years Coals and Candles on a fair average. Gentlemen excuse this It is impossible to write a Short Letter when one is in trouble.

The Board of Guardians
Stillmall Workhouse Union

London 13th January 1857.

Sir

(1) I promised you on the 7th inst which I am sure you read to the Board assembled on the 8th inst to put your fingers on particulars. old Bill amount £13-13-8 due to me of the Stillmall Workhouse Union for four years Coals and Candles Supplied by me as Clerk and paid for. this I always wished to put on the Union at Large I never intended to put it to your peoples provisions. to Swell the Charge against Divisions never as you Know was done and is done. Still very properly I admit when added to price of Provisions for Electoral Division accounts but unjustly with great respect I think when on Union at Large business as mine. Old Bill is. now if you please turn to Provision. Invoice and Consumption for years 1842. 1843. 1844 and 1845 you will find I am sure no Charge for Coals and Candles to me these are the years I supplied them. I wished to charge them to Union at Large to make it easy, and this so far confirms my Bill then in 1846 the master Supplied Coals and Candles to the Board room but charged it to Paupers Maintenance and this was the average How and laid before Mr. O'grady. Dr. Bennett and Mr. Riggs. who Examined Master. so far I think my Old Bill is honest

SPECIAL BUSINESS.

(O) against me for Mr Thom of Dublin and which I am ordered to pay peremptorily. Through the Malicious Contrivance and opposition of Mr Foore although he well knew that the Union owed me £13.13.8 for these 4 years Coals and Candles. besides £12 for Rate Books in place of £5 entirely insufficient I repeatedly afterwards pressed the account in vain in consequence of his opposition Well Sir. With regard to this Balance of £4.9.2 to close I paid it and now send you the receipt to Convince the Board of it and which I did not to please to shew any one else. this closes my account not leaving one farthing due. thus was it pleased Providence to assist me with it. I returned his Rate on Rate Book £7.10.0 to Charleville which I had as a Security for my Bill the full amount of which is Consequently now due to me. I hope this will be found quite Satisfactory.

I am Sir your Very obedient Servant
James. Charles O'Connell.

Page 11 and Page 70 If you refer to Ledger and to all the accounts you will find no Charge for these articles in 1842. 1843. 1844 and 1845 but in 1846 the necessaries given by the Master Cost £3.8.5 and I do not consequently claim that year though I ought as it was at my own House I did your Business with few exceptions of days.

Pursuant to Notice on this day fortnight the Board proceeded to consider the Commissioners Circular Letter of the 29th ultimo No. 32. 231 on the Subject of establishing a Blind asylum at Castlelake It was proposed by W. W. Townsend Esqr J.P. seconded by Mr Ogrady.

(B) That having taken into Consideration the proposition of the Cashel Board of Guardians to receive our blind persons for the purpose of maintaining and teaching them some useful trade to occupy their time and further stating that the probable expense thereof exclusive of £1 entrance money and cost of carriage of the blinds to that Union would be about £12 a year but not more. this Board are of opinion that while they fully sympathise with those poor persons in their afflictions and would be most desirous to allevisate their sufferings they are not prepared to bind themselves to an annual expenditure that they Consider entirely disproportionate to the benefits proposed inasmuch as they could provide an efficient Teacher and effect all the advantages held out by the Cashel Board of Guardians and still cause a Saving under the expense proposed by them of at least £72 a year

(P) To the Right Honourable and Honourable, the Knights, Citizens, and Burgesses of the United Kingdom of Great Britain and Ireland, in Parliament assembled.

The Petition of the Board of Guardians of the Kilmallock Union, Ireland,

Humbly Sheweth.

That your Petitioners, the Guardians of the Kilmallock Union in Ireland, deem it their duty to call the attention of your Honourable House, to the altered and improved State of this Country, in order that it may cause enquiry to be made whether it is necessary that so large an expenditure under the Head of Establishment Charges shall continue to be made in affording Relief to the Destitute Poor of Ireland.

Your Petitioners are of opinion, that if Returns from all the Unions in Ireland are called for by your House it will be found that the number of Paupers now receiving Relief is very much lessened that of these a very large proportion are in the Workhouse Hospitals and that

Clerk of the Union.

(P) Cont.

nearly one half of the whole are under 15 years of age.

Your Petitioners fully admit the great benefit of Sufficient Hospital accommodation - but from the very reduced number of Pauper Inmates in the Workhouses in Ireland particularly in those in Agricultural Districts Your Petitioners are of opinion that Boards of Guardians ought to be empowered to take means either to Consolidate two or more Unions into one or to devise some plan for the maintenance and Relief of their Paupers whereby the heavy Establishment Charges, as now imposed on them may be much lessened without injuring the efficient working of the Poor Law Acts.

Your Petitioners therefore pray your Honourable House will Cause enquiry to be made into these matters without delay and so to amend the existing Poor Law Acts as will relieve this Country of a very Considerable Amount of Taxation.

SPECIAL BUSINESS.

(176)

(B) That having learnt that at the Prosecution of Joseph White, Head Constable of Kilmallock, the Board was fined at the Petty Sessions of Kilmallock in the Sum of five pounds which we deem an illegal fine. The Master is therefore directed to enter an appeal to the Assistant Barrister Court in the matter,

(B) That Mr Sheedy the Solicitor who acted for the Master at the Petty Sessions be employed by the Master to conduct the Case before the Barrister

(B) It appears to the Board that a few alterations have taken place in certain Electoral Divisions Since the question of the necessity for a Revision has been under Consideration and they hope that Dr Griffith will instruct Mr Hoeffe who is in the neighbourhood to rectify them,

(C) That the Clerk be directed to write to the different Poor Rate Collectors that their Books will be called up from them at the end of the month and they will be Charged with all Rates outstanding on that day

(R) That the Relieving Officers be directed to post up all notices required by the Board in future and the Clerk is instructed not to employ any other person to do so without a Special order from the Board,

(C) The Clerks Report of which the following is a Copy was Read and ordered to be inserted on the Minutes,

Kilmallock Union
4th February 1857

Gentlemen

Agreeable to your desire I beg to Submit a Statement of the funds of the Union on the 31st January last and the State of the Union on the 25th March next

By the Bank Book it appears that the Guardians have to their Credit on Saturday last the 31st January 1857 in Bank the Sum of £ 1926-15-6, add to this the amounts of Rate uncollected on Saturday last £512-16-0 Total £2439-11-6, I finds by the Personal Ledger due to Contractors for Provisions, Clothing, necessaries and Repairs £668-17-6 on the 31st January, to Officers on Same day £114-12-9, Cheques issued but not yet presented to Treasurer £42-6-11 Total £825-17-2, Difference or excess of Credits over debits on the 31st January 1857 £1603-14-11 which the Board has to Carry on the Union to the 25th March next, having paid all liabilities up to the end of January

(C) In order to find how the Union will be Circumstanced on the 25th March next I have calculated the 7 weeks from the 31st January to the 25th day of March at the Same Charge for the Support of the Paupers as appears by the Provision Check accounts, for the last week (although as usual a Considerable Reduction takes place in the numbers during the months of February and March) and I find that it amounts to the Sum of £503 to this add the Estimated amount for defraying all expenses pertaining to Establishment for the months of February and March Viz £200 Total £703, deducting the Sum of £703 required to Carry on the Union till the 25th March from the Sum available on the 31st January £1603-14-4 there will remain a Surplus of £900-14-0 to the Credit of the Guardians to Commence the new half year provided the Collectors use diligence and lodge the amount of Rate Outstanding on the 31st January £512-16-0 as follows—

On the District of	John Cleary	Collector	£176-1-10
" " "	P. L. Roche	do	£114-5-2
" " "	John Feane	do	£71-9-7
" " "	Oliver Hanly	do	£29-14-6
" " "	Francis Cattle	do	£121-4-9
		Total	£512-16-0

(C) Now the Current Rate was Struck on the 7th of August 1856, the warrants were handed to the Collectors on the 11th of that month and Six months allowed for the Collection, which period expires on the 11th February 1857 except in the Case of Mr Roche who did not take his warrants until the 23rd August and Consequently the Six months given for his Collection will not expire until the 23rd Instant

It will be Satisfactory to the Board to find that the Estimate approved of in May last which was Calculated to defray the expenses of the Union from the 25th March last to the 25th March next was ample for that purpose

And as it will take Some time to ascertain the Various Changes of Occupiers, Houses vacant and demolished Since the last Rate was made before making a New Rate I would beg to Suggest to the Board the propriety of Requesting the Collectors to furnish me with lists of Such Changes for their respective Districts and that the Board would be pleased to order a New Set of Rate Books thus timely from the Printer so that there may be no delay in striking a New

SPECIAL BUSINESS.

SPECIAL BUSINESS.

(O a New Rate when necessary as it will take about two months to make the Corrections alluded to, and Copying the New Rate Book

I would also request to know when the Board would require an Estimate for a New Rate

I have the Honor to be
Gentlemen
Your most obedient Servant
D Moore
Clerk of the Union

To
The Chairman and Board of
Guardians of the Kilmallock Union

Ordered. That Catherine Kennessy be discharged as she can get employment outside.

Kilmallock 19th February 1857

Gentlemen,

In reference to the letter of the Commissioners relative to my appointment to taste Stock of the Union property and adverting to the Circumstances of my having been dismissed from the Office of Postmaster of Kilmallock as alledged I beg to State that I never got any intimation of any such Step having been taken by the Post Office Authorities. The facts are these, I was very young when appointed and did not attend so closely to the duties of the Office as subsequent experience has taught me I should have done, a person was Sent to take Charge of the Office and soon as my accounts were Closed to my father took immediate steps to discharge the Balance appearing due and made a remittance of a portion of the money Claiming Credit for payment of the Office Rent to which he conceived he was entitled but finding that the Rent was in itself a Separate transaction he remitted half a Twenty pound note on Receipt of the Acknowledgement of which he Sent forward the Corresponding half without 4/- 4/- in postage Stamps the latter letter was not Acknowledged by the Post Office Authorities, this Caused Some delay and the loss of the half note and the 8/- 4/- 7.
