1st June 1865.

I beg to call the attention of the Commissioners to the case of Bridget Connors who was under treatment in Workhouse Hospital, from 10th of April to 25th of May 1865, (for a broken leg) on which day she returned home, (as I have been informed), at her own desire and that of her friends.- The limb had been set, and was going on favorably; but another portion of her body was in a most fearful state, as represented to me on the 26th May, by Doctors Davoren and Reardon, and also by other parties. Bridget Connors died on the morning of May 27th.

Order: To be inserted on the Minutes.

In reference to the published statement of Sir Robert Peel Chief Secretary for Ireland, that the Government are about to have six Lunatic Asylums built in Ireland; the Guardians request the Poor Law Commissioners to bring under the notice of the Government the eligibility of the neighbourhood of Kilmallock Union for the erection of a Lunatic Asylum.- The site of this Workhouse is in the centre of Nine Union Workhouses; the distance of the furthest does not exceed 18 Irish Miles, viz: Croom, Mallow, Newcastle, Rathkeale, Tipperary, Mitchelstown, Fermoy, Kanturk and Millstreet.

Upon the Motion of Mr Clifford; Seconded by Mr Bryan O'Donnell J.P.
The Clerk was directed to have notices served upon the Landlords (or their agents) of certain Grave Yards within this Union, requiring them to fence the same.

Messrs. Hunt Bewley of Westland-row, Dublin, were declared Contractors for Medicines for 12 months ending 10 June 1866.

The Tea to be returned to the Contractor; not being equal to sample.

The Contractor to be cautioned by the Master to supply better bread in future.

Honor Donnell to get her husband's clothes.

The number of applicants for whom relief was not ordered - -	- 1

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year.)

Upon the motion of Mr Townsend &c.

The Commrs. Opinion is requested as to the propriety of the following system of returning the number receiving Out-door relief in the accounts of the Union. The question arose this Board-day in consequence of it appearing that the wife of a labouring man being ill received 7/- in kind a week to relieve herself during her illness. That the family numbering 7 persons, husband, wife and 5 children, are entered in the tabular form as apparently all receiving relief, although the relief is entered as "one Case"

The Board wish to know whether the average half-yearly Cost of individual outdoor relief is calculated on the number of "Cases" or "Persons" - if the latter it would appear an erroneous average.

The Seven shillings are expended in accordance with the requisition of the Medical Officer, a copy of which is ~~enclosed~~. annexed.

The Abstracts of the Accounts to 25 March 1865 as signed by the Auditor were signed by the Chairman.

Mr. Reardon moved, that the Clerk be directed to write to Jervis Street Hospital, Dublin, to know whether they would take Mary Collins under their treatment, as also the Cost, &c: &c:

The Doctor to report on this case before the 10th Inst.

Kilfinane. 7. June 165. - Mr Thomas Brazier, Relieving Officer, is much improved in health, but I do not think him quite fit yet to undertake active duty. If the Board of Guardians would be kind enough to give him another month, I think it would perfect his cure. - Geo. R. Burke.

Granted another Months leave.

John Lomas' application to be sent to the Salt Water was Refused.

Masters Report.

I have to inform the Board that I sent to the Lunatic Asylum, and had Mary O'Connor removed to the Workhouse agreeably to Order.. She seems to be now quite well, and if she had clothes would be anxious to leave the house.

Rev. (see Clothing Grants.)

I have to bring under the attention of the Board the fact that there is a very offensive public nuisance within 100 yards of the Workhouse caused by an overflow of the Workhouse Sewerage in a little field belonging to the Rev. Mr. Gabbett, where he caused a Tank or Cess Pool to be formed for the purpose of collecting liquid Manure. Either the Rev. Mr. Gabbett, or the Board of Guardians should at once take measures to abate this Nuisance, which, in a Sanatory point of view I look upon as most dangerous. Perhaps 2 or 3 members of the Board would kindly look at it, and give some directions about it.

The Report of the Master, and other Officers, were read, and Orders made thereon as follows:—

Order: Rev. Mr. Gabbett to get notice to say, that the Board hopes that he will abate this Nuisance

The Clerk's Report of Vaccination was read—(this on the first Meeting in every month)—
Number of successful cases:—

The Report of the Visiting Committee was read, and Orders were made thereon as follows:—

Masters Report.

I have to acquaint the Board that several complaints have been made Relative to the general manure heap on the Farm; and as it is really Offensive I would suggest that it be cleared out, and the site sunk two feet deeper, and also to build a low wall around it – this I think will remedy the defect.

Ordered.

There is about 10 Acres of Meadow growing on the farm, and it is now time the Guardians would give some directions concerning it.

To be cut and Saved.

The new Idiot Ward is now I think fit for occupation and I would wish to know if it may be so occupied.

To be considered this day week.

There is a woman in the Workhouse named Mrs: Massy who was transfered from England to this place, and as she was from Mitchelstown originally, she insists on going there to her friends. I have on several occasions refused to discharge her, as I believed her unable to go there and not quite capable of taking care of herself. I would ask the directions of the Board on this case.

~~The Report of the Master, and other Officers, were read, and Orders made thereon as follows:—~~

To get her discharge.

A woman named Margaret Hodgens and three children were brought to the Workhouse to-day on a car from Bruree E. D. and on their arrival at the Workhouse gate, one of the children about 4 years of age was dead. I sent to the Medical Officer who examined them at once, and who told me the children were ill from Scarlatina.

The following Letters from the Poor Law Commissioners were laid before the Board, and directions given thereon as follows):—

The following Letters from the Poor Law Commissioners and others were read by the Clerk and directions given to answer them, respectively, to the following effect (or Orders made on them respectively as follows):—

11.206.165. 16. June } From P. L. Commrs. referring to statement on Form 4. B. that one of the sureties of Relieving Officer, Brazill, is dead — and that he should be required to enter into a fresh bond &c:

Ordered = To be complied with.

1117/3/65. 17. June } From Clare: In reply to the Minute of the 8th. instant as to entering the number of persons on out-relief in a Case mentioned. Stating that the relief in question should be entered as one Case, one person.

1164/9/65 21. June } From Clare: Relative to the Case of Bridget Connors formerly a patient in this Workhouse Hospital. — Stating that the request of the Guardians for an inquiry will receive consideration; but in the first instance, are desirous of being informed of the particular points into which the Guardians think that inquiry upon Oath is necessary.

It would appear to the Commissioners as at present informed, that the Medical Officers Report and explanation of the Case exonerates him from all blame with respect to it; and they are also of Opinion that the Master could not have acted otherwise than he did under the circumstances.

It is to be regretted that the poor woman would not permit the

the Medical Officer to examine the bed-sore from which she was suffering; and the Commissioners take this opportunity of suggesting to the Guardians that it would be desirable to procure for the Hospital three or four Air, or Water, Beds, which would no doubt in many cases be the means of preventing bed sores as well as alleviating the sufferings of the patients afflicted with them from long continuance in bed.

The following statement was ordered to be inserted on the minutes for the Commissioners' information.

I beg to state with reference to Bridget Connors who had been under treatment in Kilmallock Workhouse for a broken leg, that Mr Davin, Apothecary to Kilfinane Dispensary District informed me that he had visited her during Doctor Burke's absence at her mothers house, that her flesh was rotten from gross neglect while in the Workhouse, that he had removed two pounds of it, and that he thought she would die. Doctor Riordan also saw her at my request on same day, 25th. of May, said she was in a fearful state, and that there appeared to be some mystery in the Case. Her mother also told me on the 25th. of May that her flesh was completely rotten from neglect. Under these circumstances I do not wish to express any opinion pending the inquiry which I hope the Commissioners will direct to be held.

If the following witnesses were examined on Oath, I have no doubt they could give information on the subject.

Mary Connors, Widow, Elton, Mother of deceased.
Jane Gorman, Knocktaran
James Davin, Apothecary, Kilfinane
Daniel Riordan, M. D. Bruff
Bridget Bourke (wife of Michael Bourke) Elton.

The following Letters from the Poor Law Commissioners were laid before the Board, and directions given thereon as follows):—

No. 13112/65. 12. July. — From Poor Law Commrs. Stating that they had received the report of Mr. Horsley, P.L.I. together with the Minutes of evidence taken by him on the inquiry held on the 6th inst. in the case of Bridget Connors deceased: and relating the facts as ascertained from the evidence; which is transmitted for the information of the Guardians: and

Stating, in conclusion, that Mr. Horsley also reports that Doctor Purcell, Medical Inspector, who attended the inquiry in pursuance of instructions from the Commrs. for the purpose of affording his assistance to Mr. Horsley, has authorised him to report that the Surgical Medical and dietetical treatment received by Bridget Connors while in the Hospital as shown by the Workhouse and Medical Officers books appears to him to have been proper and suitable to her case in all respects.

The following Letters from the Poor Law Commissioners and others were read by the Clerk and directions given to answer them, respectively, to the following effect (or Orders made on them respectively as follows):—

Mr. Horsley, at the same time, observes that there can be no doubt that Mr Webb, misled probably by the somewhat hasty and unguarded expressions made use of by Mr. Davin, the Apothecary of the Kilfinane dispensary district, and by the exaggerated statements of Mary Connors and others, thought it his duty on public grounds to seek for an inquiry into the Case.

An investigation, moreover, appears to have become desirable were it only to relieve the Medical and other Officers of the Workhouse from unpleasant and unjust imputations in regard to the treatment of the sick inmates of the Workhouse, and to disabuse the minds of the Community outside, and especially of the poor, of any false impressions which they may have entertained on the subject.

The Commrs. request the Minutes of evidence to be returned when no longer required.

Marked "Read".

Same No. & date — From Same: Transmitting the claims of Witnesses examined on the said inquiry, and of the Summons Server — Patrick Reardon - and requesting the Board to be good enough to pay the amount claimed in each case.

Ordered: To be paid as furnished.

Granted two Weeks from 15th Inst.

11. July — From Mrs: Bland. Relative to the defects in the Ambulance.

Ordered: - The Master to get new Wheels, and to do any improvements required in the Ambulance, and deduct it from Contract.

5. July — From Mr. M. Hogan, Cahir, relative to notice of demand on him for cost of relief of his servant, Kate Falconer.

The Board are of opinion they should not press this case.

28 June — From Mrs. Telford, Applying for £5. for Maintce of Catherine Walsh, blind person, who is in good health &c:

Ordered.

—

Mr P. O'Shaughnessy, Ruff, to pay Cost of Hospital relief of his servant, Mary Hickey. (Ruff)

Like Order as to Michael Hayes of Ballinlina for his servant Ellen Sullivan (Kilfeyan)

Ordered: That Michael Ryan of Ballintubber be not charged with Cost of relief of James Moore.

The Clerk was directed to make inquiries as to the Cost of air-beds and Water-beds for Hospital use, and to report to the Board.

The Board direct the Clerk to give notice to all the Guardians that on this day fortnight, the Board will consider the propriety of bringing back to this Union the females now in the blind asylum at Portobello; and who are unable to earn their own Support: And of placing them on Out-door relief According to their Chargeability whereby the Board expects that a Saving of about £60. a year would be effected.

Mr. Clancy seconded this proposition.

Mr. Bryan O'Donnell moved as an amendment, that on consideration of the helpless and destitute condition of those poor blind females, I oppose the suggestion of removing them from where they are known to be happy and contented, and of leaving them again to the precarious and most uncertain protection of their friends or other parties.

Seconded by Mr. James Gubbins.

Upon a Poll being taken, 5 Guardians voted for the amendment, and 6 for the resolution, which was declared carried; and the Clerk was directed to write to Mrs. Telford, accordingly; and also to request her not to hold over the two vacancies as the Board will not at present avail themselves of them.

The claims of the Revd. Mr. Fitzgerald, and of Doctor O'Connell for Witnesses expenses having been considered; it was

Proposed by Mr Roche and seconded by Mr Bryan O'Donnell J.P. that inasmuch as the several other Witnesses in the late inquiry have been paid by this Board, the Rev. Mr. Fitz Gerald be likewise paid as the others, £2-0-0.

The following Letters from the Poor Law Commissioners were laid before the Board, and directions given thereon as follows):—

The following Letters from the Poor Law Commissioners and others were read by the Clerk and directions given to answer them, respectively, to the following effect (or Orders made on them respectively as follows):—

14226/65. 2. Aug. } From P. L. Commrs:. Referring to the Resolution of the 27th ult°. That five blind girls be brought back to the Union from the institution where they now are maintained, with a view to an allowance of £5. a year being granted to each of them as out-door relief as an experiment. — In reference thereto, the Commissrs. state that it appears to them that each case of the females in question should receive the consideration of the Board of Guardians with a view to determine how much is necessary for the relief of the individual. Five Pounds may be too little in some cases and too much in others.

Read.

Mr: O'Donnell J. P. handed in the following notice of motion:— "I shall move on Thursday, the 17th of August, that the Resolution which was passed by a majority of one, on Thursday the 27th of July to withdraw from Saint Mary's Catholic institution, Dublin, the blind poor, now ten in number, sent there from this Union be rescinded; inasmuch as it was passed without sufficient information having been obtained as to the present condition and future prospects of those afflicted creatures, and is highly calculated, if acted on, to increase the misery of their sad lot in this life."

The following Letters from the Poor Law Commissioners were laid before the Board, and directions given thereon as follows):—

The following Letters from the Poor Law Commissioners and others were read by the Clerk and directions given to answer them, respectively, to the following effect (or Orders made on them respectively as follows):—

14226/65. 10. Augt — From P. L. Comm. relative to the claims of Rev. Thomas Fitzgerald and Doctor Morgan O'Connell, for Witnesses attendance — Stating that they understand that the Rev. Mr. Fitzgerald lives in the town of Kilmallock and performs the duties of Roman Catholic Chaplain at the Workhouse — It does not appear that he was put to any expense in attending the late investigation and the Comm.: think that he is scarcely entitled to remuneration for his time in the same way that a professional man, or a person engaged in and taken away from his business would be.

As regards Dr. O'Connell's claim in which he refers to his having had to incur considerable expense in obtaining professional aid to defend himself; the Comm.: state that professional assistance, though permitted, is not directly recognised at inquiries under the Poor Law Acts, and they do not think that it would be expedient to establish a precedent for paying costs incurred by either complainants or defendants in providing Counsel & Attorneys at such Inquiries.

Read.

14710/65. 11. August — From Same. Consent to expenditure of £25. from the rates of Bulgaden E.D. for emigration of Mary Brazill.

A cheque to issue.

15,012/65. 12. Aug. — From Same: Requesting to be informed what arrangement has been made for the discharge of Relieving Officer Thomas Brazill's duties during his illness:

The Clerk stated that he had informed the Commissioners that Mr. Brazill's brother, Matthew Brazill, continues to discharge the duties since April last. —

Resolved

Resolved. That this question be adjourned for two weeks, as the Board expects that Mr. Brazill will be quite able to resume his duties by that time.

14957/65 & 15. aug. — From Same: Relative to the proposed emigration of John Connors to Canada at an expense of £8:- stating that it is unusual to pay the entire expense of the emigration of a young able bodied Man out of the Poor rates, and they think that the matter should be reconsidered by the Board. — John Connors is represented to be 20 years old and single. It would appear that a person of this description would have little difficulty in finding work in the County, and that the more judicious course would be to consider whether he should not be discharged, as no longer in a destitute condition. Requesting that the Guardians will be good enough to take the matter again into their consideration, and they would be glad to be furnished with some further information as to the circumstances under which it has been proposed to assist this young man to emigrate wholly at the expense of the Union.

Resolved: That this Board have reconsidered the case of John Connors in accordance with the Commiss.rs letters of the 15th inst No 14957; and have to state in reply that John Connors has a sister doing very well in Canada, and that he himself suffers from weak eyes, and that the Medical Officer is of opinion that a sea-voyage and a residence in Canada would be of great service to him, and afford a reasonable prospect of his recovery; and these were the objects the Board had in view when they granted him at his own urgent request, Eight Pounds to emigrate. — Also that he is now 16 years in the Workhouse.

Warrant dated 8th August for the Removal of Mary Molony of Bulgaden from the Parish of Saint Margarets, Westminster, to this Union.

Read.

Circular Dated 26 July from the Right Hon. the Earl of Granard Chairman of the Longford Union, with a Resolution of that Board in favor of Union rating, and of a Revision of Union boundaries.

Mary Sullivan, 30, Union, Ordered to be discharged.

Martin Conlan - Constabulary - admitted, on Separate Register, to Fever Hospital

Margt Shaughnessy, Kilmallock, to be discharged and placed on Out relief at 8/- monthly.

The cases of provisional relief, and applications for relief, were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was	28
Ditto disallowed	~~1~~
The number of applicants admitted to the Workhouse was	~~1~~
The number of cases of provisional Out-door relief was	
Do. do. in which relief was continued by the Guardians	10
The number of other applicants in the Relieving Officers' Books relieved by order of the Guardians, was	—
The number of applicants for whom relief was not ordered	1

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year.)

Pursuant to notice, Mr. Bryan O'Donnell, J.P. moved that the resolution of the 27th of July, regarding the blind girls now in the Asylum, be rescinded.

Mr. Patrick Keane seconded Mr. O'Donnells proposition.

Mr Thomas Sanders, J.P. proposed that the Resolution of 27th July be confined to those girls who may have a home to come to, and who may wish to return.

Mr John H. Weldon J.P. seconded the Amendment.

Upon a poll being taken 3 Guardians voted for the Amendment and 19 voted against it. 2 Guardians did not vote and 1 was not then present.

The resolution of the 27th July last was accordingly rescinded - the blind females to remain where they are.

The Notice Motion to Consider the propriety of placing certain children out at Nurse was read; and a list of 7 children eligible under the Act now in the Workhouse, was laid before the Board and marked "read."

The Clerk read to the Board the names of the sureties in the three Collectors Bonds; and stated that Collector Maurice Wallace proposed Mr Wm Lynch of Tankstown, as one of his sureties in room of Mr Maurice Wallis.

Approved

The Estimate for Rates for the ensuing Year was then placed before the Board by the Clerk; and after full consideration it was agreed to Unanimously.

The following Resolution was unanimously agreed to:

Resolved: That the Board wish to state their approval of the very able manner with which the Clerk prepared the estimate of rates for the ensuing year - and direct that this resolution be entered on their Minutes.

That the Master be directed to remove into the apartments now completed, such lunatic and epileptic paupers as he may have in the Workhouse.

That Ambrose Ryan has had his passage paid by his friends in America, but not having sufficient means the Board grant him £2. to assist him.

Constable Michael Brennan's claim for 3/6 car hire and 1/6 personal expenses attending on Summons, from Ilton Station, at the Board room, as a Witness on the inquiry in Bridget Connors case was Refused.

Upon

Upon the motion of Wm. Neil Macdonald L.P. the following resolution was then put and passed unanimously:

That the Chairman be requested to express to Her Majesty's Government the strong opinion of this Board, that it is the duty of the Government to take on themselves the responsibility of prohibiting the importation of Cattle and Hides into Ireland, for a limited time. That such importation in Ordinary times is so limited as not in any way to affect the price of Meat, and that, therefore, no evil could follow from the prohibition asked for; while at the same time, there is a danger of English Cattle being brought over in large numbers for the purpose of avoiding infection.

The following Letters from the Poor Law Commissioners and others were read by the Clerk and directions given to answer them, respectively, to the following effect (or Orders made on them respectively as follows):—

15395/65. 23. aug. } From P. L. Comm^rs. relative to the proposed emigration of John Connors in which they observe that he has been in the Workhouse for 16 years that he suffers from weak eyes, and that it is expected that he will derive benefit to his health in this respect by emigration to Canada where it is added, he has a Sister doing very well — The propriety of sending an emigrant to the Colony under the circumstances above described is very questionable; his success on arrival there being extremely doubtful, on account of the infirmity under which he labours in regard to his sight, and his not having been, apparently, trained to any labor by which, with such a physical defect he could earn his bread. It is not even alleged that his sister to whom allusion is made, has given John Connors any encouragement to proceed to Canada. — The proposed expenditure appears to the Comm^rs. therefore, to be Objectionable, and they request that the Guardians will be so good as to take the subject again into consideration.

Masters Report.

That I proceeded to Cork on last Saturday and sold 74 stones of flax at 7/- per stone, and received a cheque for £25-18-0 for same. I have some Tow on hand and expect to have it sold in a few days and lodge the entire proceeds.

Approved.

We have on hands four fine pigs and I would ask instructions from the Board as to their disposal. We could take in half a dozen other Pigs in their place

To be sent to the market at Kilfinane for sale. And a cheque for £20 ordered to the Master to buy Pigs.

I beg to bring under the attention of the Board for its consideration the necessity of providing a Washing Machine for the Workhouse for the following reasons:-

In the first place it is extremely difficult to provide thoroughly ~~The Report of the Master, and other Officers, were read, and Orders made thereon as follows:—~~ clean linen and other clothing for the large number of sick and infirm people in this house many of whom it is almost impossible to keep clean, and particularly now when there are hardly any able bodied Women in the establishment. Again, there can be a very material saving effected in the tear and wear of clothing from the easy manner in which the machine can turn them out - besides in the economy of fuel for drying and Soap for washing. I believe the Cost of the Machine would be saved in less than a Year. I therefore hope the Guardians will order one. The Cost is £15-15-0. They are already introduced into several public institutions and are found to work well.

To be considered on this day week and the Master to lay before the Board a list of prices.

The Report of the Master, ~~and other Officers, were~~ read, and Orders made thereon as follows:—

That I sold the four Pigs at £24. and bought 6 others at £18. The money will be lodged in a day or two.

That I have made a good deal of inquiry relative to the Washing Machine I find it to give general satisfaction. It is Bradfords, No 6. Cost £15-15-0 that seems to be best adapted for Workhouse use. In the Dungarvan, Youghal, Fermoy, Newcastle &c Workhouses the above Machine is the one in use, and I am not aware that a smaller priced one is used in any Workhouse.

They can be had at almost any price from £1 to £20 but as I recommended before, I can see none more suitable than Bradfords. No 6. It can be had direct from London or from their depot Dawson St. Dublin.

Oder:- The Master to procure a Washing Machine same as in his report from the manufacturers.

The Contract for Meal Milk being now expired, we are giving Soup in lieu of it.

We have some Mangolds and Turnips, grown on the Farm which might now I think be advertised for sale.

To be sold by Auction on 11. November.

Pat Grady, Ned Heffernan, and John Higgins, complained that Maurice Gleeson is constantly annoying and mocking them at prayer, and provoking them to commit an assault. John Higgins also complained that he is in fear of his life of ~~M. Gleeson~~, and that he threatened he would take his life before he would leave the ~~Work House~~ Ward, because he complained to the Rev. Mr. Fitzgerald of his conduct.

Order:- That Gleeson be summoned for his disorderly and refractory conduct before the Justices at next Kilmallock Petty Sessions.

The Report of the Master, ~~and other Officers, were~~ read, and Orders made thereon as follows:—

There is a large supply of frieze & flannel below in the Hall which the Guardians ~~would~~ might examine, altho' I think they are both good articles.

I would request a Committee of the Board would examine the quality of the Coal lately supplied by the Contractors Messrs. Scott & Harley, as those Gentlemen wrote me a letter in reply to my complaint of their supply of Coal to us when sending them the last Order, insinuating motives for my rejection or rather complaint of the quality of their Coal occasionally. Gentlemen, I beg to submit to you this letter and to complain of its unfounded insinuations.

(see Special Minute)

I would request the Committee would examine a quantity of old Clothes which are no longer fit for wear.

(The Clerk stated, the Copy was sent by post, and had not since been sent back - but he had told the Auctioneer to get bills printed for the Auction of Mangolds &c: for the 23rd inst:)

13. Nov. } From Scott, Harley & Co. in reply to the letter from the Clerk of the 10th inst: stating, they had sent a supply of Coal of which they requested an inspection, and totally denying the Correctness of the Masters report, &c: &c:
Reply:- That the Board beg to assure the Messrs Harley, that they have the highest opinion of their Master, and consider him incapable of being influenced by the Motives insinuated by them; and regret that any Contractor should reply as they have done to the reasonable complaint of their Officer.
A Committee of this Board having examined the Coal complained of, consider it very inferior.

(The following letter was Ordered to be entered On the Minutes.)

Gentlemen, 19. Nov. 1865.

In reply to the Commrs. letter of the 8th inst: to the Board of Guardians, referring to a report that the full quantity of new Milk required for the dietary of the inmates was not received from the Contractor for some Weeks, and that skimmed milk had been issued for the supply that was short; I beg to observe that in the Weeks referred to, about 50 or 60 Gallons of new Milk out of a Consumption of several thousand Gallons was not charged, altho' 80 or 90 Gallons of skim Milk was charged which was over the dietary in that article.

The fact is accounted for in this way; that on several occasions some of the new Milk would be left on Cold evenings in the hall by the Children, and returned to the store, and I have often found the accumulations in store pretty large from that & other Causes. Some extra skim milk was sometimes given to the Washerwomen; and I thought I was justified in taking credit for what was on hand when it did not amount to more than the value of the other.

I never did, virtually, substitute skim milk for sweet but, invariably, when a Contractor was deficient in supply, bought other milk at his expense or issued either beef tea or butter at his Cost, and always reported same on Invoice & Bill.

Hoping this explanation will be considered satisfactory

I have &c:
I. Nelson
Master of the W. House.

To The Chairman and Board of Guardians Kilmallock Union

David Lee of Bruff — to pay cost of support &c. of his servant Mary Hogan, in Hospital. (Cromin E.D.)

The relief loan to Michael Sullivan for his servant Ann Mahony was reduced by the Board to Nine shillings; which was paid accordingly.

The number of applicants admitted to the Workhouse was - - -	11

Mr. Sanders' application asking for inquiry into the manner in which out-door relief had been managed, was proceeded with Mr. Hannon having been called in, denied having owed any moneys intended for the purposes of out-door relief but subsequently admitted he did.

The Committee considers that he has not complied with the Order of the Board as he has come before them without book or voucher in the absence of which they find it impossible to make proper inquiry.- Two creditors, Messrs Mortal and Lynan were severally called in and in the presence of Mr Hannon stated that the bills were due to them for out-door relief- which Mr. Hannon admitted. Mr. Hannon on being asked by the Chairman whether any other than a private account was held between him and Mr Mortal denied there was, but Mr. Mortal showed by his books to the contrary, and that all the things supplied were on the Order of Mr Hannon, and for the purposes of out-door relief. It has also appeared that he produced a receipt to the Board from Mr. Denis Murphy for a Coffin and shroud for 9/6 as paid, but on inquiry, as well as on his own admission the money was not, nor has been, paid up to this.

From M^r. Thomas Hannon, the Contractor for horsing the Ambulance requesting to be informed if all patients coming are to come by the Van, as he must have a man and horse always ready, and if conveyed by other parties he must resign.

Reply: The Board cannot alter the terms of his tender – they will send for his horse when required.

[The Clerk stated he had not yet prepared a Bond in this case as it was a new kind of Contract here, but that the tender in writing had been accepted, and the Contractor had supplied the use of a horse on two or three occasions according thereto.]

The following Letters from the Poor Law Commissioners and others were read by the Clerk and directions given to answer them, respectively, to the following effect (or Orders made on them respectively as follows):—

22639/65. 20. Dec. — From P. L. Comm^rs. forwarding usual queries to be answered by the Clerk and the person who may be appointed Relieving Officer in room of Mr. Brazill.
Read.

22653/65. 20. Dec. — From Same: Stating they have receives a report from Mr. Horsley, P.L. Inspector, of his inquiry into certain charges preferred against Mr. Patrick Hannon, Relieving Officer, with regard to the administration of out-door relief in Charleville district; together with the Minutes of the evidence taken by Mr. Horsley thereon (which are forwarded for the Guardians information.) — Stating the result of the evidence and inquiry, by which it appears that a sum of £4.14.6½ is due by Mr. Hannon to certain parties for Cash and goods supplied to him for the purpose of out-door relief, although he was furnished with funds by the Guardians for that purpose. Also, that the receipt produced by him for 9/6 for burial requisites as if paid to Mr. Denis Murphy is not genuine, the money being yet due. — And, that under the circumstances further confidence cannot be placed in Mr. Hannon as a paid Officer of the Union, and that they have directed the preparation of an Order under Seal for his dismissal.

At the same time stating that they think it right to observe, that Mr. Horsley has drawn their attention to the fact that it is not alleged that Mr Hannon who has been the Relieving Officer of the Charleville district for the last 12 years — has withheld relief, or defrauded any parties for whom out-door relief in money or in kind was Ordered; and that nothing transpired in the course of the inquiry to

lead him to suppose that Mr. Hannon had not dealt by those parties with perfect integrity and humanity. &c: &c:
Read. (see special Minute.)

12. Dec. 1865. — Warrant for the removal of Honor Verdon of the Parish of Ardpatrick from Saint Georges in the East, London, to the Bruff Union.
[Warrant sent to the P. L. Comm^rs. — This person has not arrived.]

13. Dec. — Circular from the Guardians of Cork Union, relative to an amendment of the "Common Lodging Houses Acts"

The Board of Guardians having had before them the Commrs. letter of 20th. December, together with the Minutes of evidence taken in Mr. P. Hannon's case, are of opinion that no evidence having come before them that any poor person had been defrauded of relief; and being the first complaint since his appointment, coupled with the fact, that the Inspector stated in his report "that nothing transpired in the course "of the inquiry to lead him to suppose that Mr. Hannon had not dealt "by those parties with perfect integrity and humanity" — that a severe reprimand and caution would meet the present case. And they therefore, respectfully request the Poor Law Commrs. will withhold the preparation of an Order under seal for his dismissal.

The Report of the Master, ~~and other Officers, were~~ read, and Orders made thereon as follows:—

I would require to get made outside a couple of dozen of Pairs of Shoes, as I discharged the Man lately employed to assist, in consequence of his return of work being very bad.

Ordered: The Master to buy three dozen Pairs.

I have to acquaint the Board that one of the Contractors for new milk, Mr John Burns, is constantly in the habit of keeping his supply late in the morning, to the very great inconvenience sometimes of poor sick people waiting for it. I have very often remonstrated with him, quite useless. Another of the Contractors, Mr Ryan, has a contract for 12 Gallons a day, and only gives us two. The deficiency is bought at 10d per Gal. and the defaulters charged the difference. For the last few days Ryan has got up to 7 or 8 Gals a day.

Approved: If Burns does not supply in future, in time each morning, the Master to buy at his expense.

And, that under the circum^ces represented to them they do not desire to press their view with respect to M^r Hannons recent misconduct against the unanimous wishes of the Board of Guardians; and will not, therefore, proceed to his dismissal.

The Comm^rs conclude that M^r Hannon has satisfied all the claims against him for sums for which he is indebted for goods supplied to him for the purposes of out door relief.

Cornelius McAuliffe — 13 — Union — Clothes, value £2 —

Masters Report.

I would again most respectfully beg to get some really available means for the proper horsing of the Sick Van. Again, on yesterday, a most inclement day, I was sent an Order by Mr. Walsh, Relg. Officer, to send the Van for a Fever patient, but I could get no horse, and was again obliged to send our own little Kennet which is not at all fit for that purpose. — To day, again, I was obliged to send out the Kennet in the Van.

To be considered this day week.

The Rugs so long since ordered have not been supplied although they are very much wanted — See order of last board.

~~The Report of the Master, and other Officers, were read, and Orders made thereon as follows:—~~

The Contractor for Coal Messrs Scott Harley & Co. have neglected to supply us with a sufficiency, altho' frequently written to for a supply, and I was obliged to buy in the market at their expense. Approved.

I have to find fault with the manner that Mr Walle, the Schoolmaster discharges his duties, so far as not attending to the proper cleansing of the boys schoolroom and dormitory. He seems to think that those matters are outside his duty as Schoolmaster; — and does not deem it necessary to acquaint me of his absence from the Workhouse, and on Saturday last was out from about ten o'clock a. m. until 9 p. m.

— The Schoolmaster has promised to give no further cause of complaint. —

I attended at the timber auction at Castle Oliver and bought three loads of timber on Friday last, and had it removed here.

The following Letters from the Poor Law Commissioners were laid before the Board, and directions given thereon as follows):—

Warrant dated 20. Jan.y 1866 for removal of Mary Burke from London to "Bruff" Union.

Read.

1978. 31. Jan.y — from P. L. Comm.rs. acknowledging the receipt of the Warrant and the usual particulars relating to the removal of Mary Burke from Saint Giles' Camberwell to this Union described in the Warrant as "Bruff" Union - and suggesting the propriety of the Clerk's informing the Guardians of Saint Giles' Parish that there is no such Union as "Bruff".

Read.

1350/66. 31. Jan.y — from Admr: Acknowledging the receipt of replies to inquiries respecting the appointment of Mr John Lyons

The following Letters from the Poor Law Commissioners and others were read by the Clerk and directions given to answer them, respectively, to the following effect (or Orders made on them respectively as follows):—

as Relieving Officer; and approving of the appointment on the terms specified, namely, a Salary of £25. a year.

Read.

1. Feby — From Revd. Doctor Downes, P.P., Calling the attention of the Board to the fact of two notorious prostitutes constantly resorting to the Workhouse as a temporary domicile - pointing out the evil effects of this practice - and requesting the Board to adopt a more efficient system of separate classification of these parties &c: &c:

Ordered: To be read to the Board on this day week.

Circulars from the Guardians of Carlow & Clones Unions relative to the Cattle plague.

Ordered, To be read this day week.

Letter of this date from the Schoolmaster as follows:-

"Gentlemen — With regard to the four boys mentioned in the Commiss.rs letter; I beg to state that they are more than thirteen years of age; they are good scholars:- and thinking it was for their welfare to know a little trade I put two of them with the Shoemaker - one with the Carpenter - and one with the Tailor.

However, since the Remark was made by the Inspector I have them in School."

Proposed by Mr O'Brien and Seconded by Mr. Sanders, That Copies of this Resolution be sent to the County & City Members of Limerick & Cork.

Proposed by Capt. Vandeleur & seconded by Mr Sanders, That it is the opinion of this Board that Govt. should be requested to bring in a bill before Parliament to enable the Authorities to pass such Regulations as may prevent the Cattle Plague being introduced into Ireland, whether by the importation of hides or by the passage of drovers, or men connected with the care of, or trade in Cattle between England & this Country.

Proposed by Mr Townsend, and seconded by Mr O'Brien, That Govt. be likewise requested to bring in a bill authorising the immediate Slaughter of the whole of any herd in which symptoms of the Rinderpest may appear, such animals as have shown symptoms of infection to be burnt in their skins, and those that are healthy when destroyed to be skinned before removal from the farm - the skins of all to be destroyed, and all hay, straw, fodder and manure which may have come in contact with the diseased animals to be likewise destroyed by fire, or buried four feet at least below the surface of the ground.

Upon the Motion of Mr Keane, Resolved That Mr. Quigley be directed to write to the deaf & dumb Institution at Cabra, to ascertain the lowest annual premium that—

that 3 children (out of a family of 8 all deaf and dumb) of Michael Power will be taken into their institution. Their inspector, Mr. Roe, has seen these children and has pronounced them the greatest objects he has ever seen, and added that the institution would make a sacrifice. This statement having been made to the Board they are prepared to entertain the matter provided the institution makes a reasonable sacrifice.

The Board granted a sum of about £8. to assist Katherine Enright and two children to emigrate to New York — charged to Kahercomey E.D. —

That for the last few days 2 or 3 persons Kept in the separation Ward behaved very badly, and I had a summons taken out against two; but on last evening their conduct was beyond control for a length of time, during which time they were quarreling cursing and screaming, and at length I had to take them down to the front house, and place them in the probationary Ward where they now are. The Relieving Officer, Mr John Lyons, is directed to place before the Board on this day week a report, in writing, as to the state of the two children who are placed out at nurse in his district; and to report in like manner on the first Thursday in each month.

The Commissioners' opinion as to the course the Guardians should pursue in the following case is requested:-

Alice Daly, 3 years, and John Daly 1½ year, have been admitted to the Workhouse - their father, John Daly, late of Kilmallock, shopkeeper &c., being dead, and the mother gone to America.

A considerable sum of money is in the hands of the Parish Priest being the proceeds of the sale of the fathers house, effected in his lifetime, and received after his death by the Parish Priest from the Purchaser.

The Parish Priest, the Rev. D. Thomas Downes states he is not at liberty to touch a penny of this money for the purposes of the support of these children.

Can the Guardians hold the Rev. D. Downes liable for relief loan to those children, or how are the ratepayers to be relieved of the cost of their support? Would the Guardians be justified in refusing relief, and ordering the children discharge?

The Guardians wish further to explain that no directions have been given in the will of the deceased as to the application of this money

Meantime, the Clerk is to inform Rev. D. Downes that the Guardians will hold him liable for the cost of the relief

Con Hannons clothing to be given to his brother John Hannon.

The Clerk, at the request of the Board at their previous Meeting, handed in the following statement on the subject of "Union rating."

First:- That to raise the gross sum required by the estimate for rates upon which the rates were struck on the 21st Sept. last viz: £7711. a general Union rate of 1-2 per £. would be required. That poundage would on a Valuation of £132,420. produce £7724.

5 divisions would have had their poundage rates reduced as follow- 1 by 1/4d - 1 by 1/1 - 2 by 5d. and 1 by 2d. And
21 Divisions would have had their rates increased by poundages varying from 1d. to 6d.
