After the consideration of Tenders for the Smithwork, the following was handed in by Mr. J Dunworth. "I wish move on this day fortnight that the appointment of Mr Higgins be rescinded and that Patrick O'Brien be appointed thereto."

Mr Joyce Clerk of Works reported as follows:—
"As requested I made an inspection of the shed proposed to accommodate Many Lynch to adjoin the one intended for James Ryan Boiler attendant. This particular place was used as a residence formerly for some of the workhouse tradesmen. By cutting off 14 feet in length with a Brick and Stud partition, this would afford a Kitchen and Bedroom, the latter to be partitioned with timber sheeting to cut off from Kitchen two window frames and sashes will be required, one for each apartment, and a door frame and door for entrance from Garretts road, the old ones for these can be again utilized, as they are only built up, I have estimated the cost at about £12, but by utilizing old material available at the workhouse and pauper labour as attendance on tradesmen the work could be done at considerably less cost, There is a fireplace available in the main Wall dividing this apartment from the one next proposed for Boiler attendant.
Minute "Adjourned for a fortnight."

The cases of provisional relief, and applications for relief, were considered and decided on as set forth in the Application and Report Books.

Read letters from Messrs Bourke L.G.Board thanking the Guardians for their resolution of condolence on the loss recently sustained by them.

The following letter was read;—

Kilmallock, 5th May 1904.

Sir.

I am in receipt of your letter of the 3rd inst, enclosing a copy of a resolution passed at the last meeting of the Board of Guardians, to the effect that a man named "John Oneill has an objection to having "an operation performed on him except by "Dublin Doctors and requesting me to send him to "Dublin for operation."

In reply I beg to say that when I was appointed to the position of Medical officer to the Kilmallock Workhouse and Infirmary over 5 years ago, a general outcry existed against the large expenditure of public money incurred in sending patients to Metropolitan Hospitals. since then, at considerable expense the Guardians were good enough to supply the Infirmary with the most modern Surgical Instruments and Appliances thereby enabling me to successfully perform nearly all the Major operations that were required during that period. Numbers of operations involving serious risk to life were performed and I am proud to say with an exceptionally small mortality.

In the case of the man Oneill, the operation is not one that is not necessary to his health, being merely of a cosmetic character, neither dangerous nor difficult. He brought a Medical certificate marked "for operation" and made no objection to my being the operator, until he was interviewed by some members of the Board.

The resolution referred to is a reflection on my skill as an operating Surgeon, and to an outsider reading such a resolution in the Press, it could only have one meaning viz "that the Guardians must have some strong reasons for thus plighting their

Medical

Medical officer. To me it is somewhat extraordinary that after such a successful series of cases. I am now to be told that I am not qualified to undertake a simple operation for the beautifying of a labourers nose, and that this very laudible object, extra expense must be incurred and the Ratepayers taxed to the tune of a long railway journey and a Dublin Operator,

In conclusion I beg to remind the Guardians that their resolution is, in itself, Ultra Vires. and that I cannot admit that patients or Guardians are to have a voice in selecting for me, the methods of treatment I am to pursue,

Under these circumstances not seeing my way to recommend the man for treatment in Dublin, I discharged him from the Infirmary.

I am, Sir,
Your obedient Servt.
P. J. Macnamara.
Med offr.

To
P. J. Boell Esqr.
Clerk of Union.

(Mr. Meagher dissenting)

Mr. Meagher handed in the following which was seconded by Mrs M. W. Clery:- "We request to know whether a patient is obliged to submit to operation by a Medical officer against his will, and is the Medical officer of an Union justified in ordering the discharge of a patient because he would not submit. On a poll there voted for the above 5 against 12 and 4 not voting. The proposition was therefore declared lost.

Read letter from the Medical officer of the workhouse stating that the water closet

attached to the Boardroom is in good working order but badly kept as the seat of this closet is not well balanced, but to remedy this defect it is only necessary to remove the balance weights and also to procure a brush to clean the pan every morning. He also inspected the Infirmary closets and found them all badly kept principally for the want of closet brushes, and requesting that the Master be directed to supply one for each closet in the Infirmary & Fever Hospital.

Minute "Doctors directions to be carried out."

The Medical officer recommended the transfer of Meehan from the Royal City of Dublin Hospital to the City Hospital Dublin.

Minute "Meehan to be transferred to the City of Dublin Hospital at the end of the month."

Read letter from the Clerk of the Glin District School stating that the estimate of the school for the three months ending the 30th June next is based on the expenditure of the previous half year.

The Query Sheet of Mrs Sarah Scannell. Temp. Midwife of the workhouse was submitted and it was ordered That she be allowed the sum of 25/- weekly with travelling expenses.

The following was handed in by Mr. Martin Meagher which he proposed the Guardians would adopt; and Seconded by Mr. Maurice Cleary. The Chairman

however refused to accept it viz:-

"I beg to bring under your notice the action of Dr. MacNamara in circularising the Members of this Board, thanking them for voting against my resolution which he describes as erroneous and ridiculous. Now as a good many members are aware my resolution was a proposal "that the "Board be informed by the L. G. Board whether "a patient was obliged to submit against his ~~will~~ "or her will to an operation by the Medical Officer "and was the Medical Officer justified in expelling "a patient from the Union Hospital because "he did not submit"

I strongly contend that such proposal could not be erroneous, nor in ordinary judgement ridiculous, and I most respectfully submit that the best interests of humanity can be served by securing the confidence of poor afflicted patients

I notice from the correspondence that the doctor says "it was for the purpose of improving his personal appearance that the patient O'neill came into the Hospital"

The Doctor had a right to state this when he applied to this Board for an assistant to operate on O'neill, for a large tumour of the nose.

I trust it will not be too much for me to ask you to make an order, that all correspondence in connection with O'neills case be printed (including Dr. Mc Namara's letters to the press) and referred to L. G. Board for the purpose of ascertaining the power and authority of Poor Law Boards, versus their Medical Officers.

Pursuant to advertisement the Guardians proceeded to elect a Midwife for the workhouse, at a Salary of £25. a year with first class rations and apartments.

Applications were read from the following, viz:

Susie Courtney, Cork, K. Turner, Dublin, M. Alger, Cork, Elizabeth Canny, Cork and Mary O'Kuffe Listowel,

"That Mary O'Kuffe be elected to the position"

On a Poll being taken there voted for.

For Mrs. Canny. Messrs. Mee. W. Clery, Meagher. and O'Dwyer. (3)

Mr. Joyce Clerk of Works reported as follows:—
—Charleville Dispensary—
There are four new window frames and sashes required for the front of the Dispensary, the old ones are quite rotten from old age,

and the glass has fallen out of some in consequence of the defective state of the wood. I would recommend Box frames and to have both sashes hung. I have estimated the cost including the putting in and finding of all materials etc at from £7 to £8. The Medical officer requested me to bring this work under the immediate attention of the Board.

I beg to submit Plan & Specification for the additional accommodation about to be provided for the Medical Officer of the Rathkeale Dispensary District.

J. N. Clery,

Minute "adopted."

The Reports of the Master and other Officers were read, and Orders made thereon, as follows:—

Sat.ᵈᵃʸ Relief Night Watchman was in leave in the nights of 20. 21 & 22 inst. I got an inmate named Denis Hogan to do night duty during his leave.

"approved"

Mrs Creeffe Maternity nurse and Childrens nurse left here on the 23ʳᵈ inst. Mrs Catt Glanville came here to substitute her. Mrs Glanville is a very feeble old woman, she was Maternity nurse here up to March 1894 when she was superannuated.

"Read"

I purchased 6 Young Pigs on the 17ᵗʰ inst for £6.6.0 in the 20ᵗʰ inst I purchased 2 for £2.11.0. Total 8 Pigs £8.17.0. I got £8 on account.

"Read"

I intend to send 3 Pigs to Limerick on the 24ᵗʰ inst.

"approved"

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

The following Letters from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or Orders made on them respectively, as follows):—

No 32.041:1904 8th June 1904 The Inspector's report as follows which the House Committee Considered on this day (24th inst) with their recommendations (which were adopted by the Board of Guardians) hereunder the several matters to which they relate:—

"owing to the want of seperate wards in the Infirmary, four male patients suffering from sore legs and two suffering from skin disease are accommodated in two of the small wards in the main house.

"Referred to Dr. Macnamara."

In my last report I pointed out to the Guardians what would, in my opinion, be the most suitable way of providing accommodation for the male consumptives,

so there is no need for me to again refer to this matter. Now that the new Maternity Wards are finished, and that the deserted chedren and orphans will shortly be removed over to the ward adjoining the new Maternity ward, I have again to recommend that the Maternity nurses quarters be changed from where they are at present to the night nurses apartments off the day hall ~~on the day hall~~ on the female side of the Infirmary, this being the most easily accessible place from the new Maternity ward.

"The Committee considered this matter previously and thought it better to make no change."

The timber of the wash-stands in the male wash-house wants renewing and the skylights should be made to open.

"To be repaired."

A closet brush should be supplied for each intern water closet in the Institution.

"Supplied."

The baths throughout the Institution want re-enamelling.

"Master to do this."

The chimney shaft of what used to be the boys old school should be taken down, as, in my opinion, it is dangerous.

"To be taken down."

New latches and locks are wanting on some of the doors.

"Ordered"

One dozen night chairs and one dozen bed screens should be supplied for use in the Infirmary.

"Ordered"

Skylights are very much wanting in the operation rooms in the Infirmary; and the passage from the surgery to the female side of the Infirmary is very dark and should be lighted in some way.

"In course of construction."

The Infirmary kitchen is very small, in fact entirely too small for the Infirmary.

"Master to Build a lean to addition".

There are no arrangements made for the industrial training of the boys.

"Boys to be sent to Skin School."

In the school there are three children of a man named James McGrath, who is the tenant of a labor cottage.

"no order"

The boy's yard might have been more tidy. I have made some suggestions to the Master with regard to the female yard which will, I think, improve it.

"Master to carry out Inspectors recommendation"

A small ward or room in the main house on the male side is used as a store for oats, and the walls and ceiling are very much out of repair. I do not think it well to store oats in the upstairs of the building, as it attracts numbers of mice.

"no order"

The Visiting Committee have met and reported only three times since November last.

"Read"

No 103/m: 1904 / 4th July 1904 The L. G. Board stating that they have recently had occasion to object to nurses engaged in Workhouses retaining their positions after marriage; and as the correspondence which has taken place on the subject with Boards of Guardians has shown that the latter do not, in all cases, realise the obvious objection to the retention of married women on the nursing Staff of a workhouse, the Board think it desirable to point out that it is impossible for a nurse to discharge her duties with efficiency during the period immediately preceding and for a considerable time after her confinement.

Elsewhere in the public service, as the Guardians are probably aware, a fixed rule exists requiring female officers to resign their appointments on marriage, and, after careful consideration of the question, the Board feel that, in the interests of the sick poor, it is desirable that Workhouse nurses should hold their appointments subject to a similar regulation, and they request that this decision may be communicated to the Female Nursing Staff of the Workhouse.

Date	From whom	Subject Matter and Order of the Board thereon
7. 7. 04	Dr Reardon Bruff Dispensary District	Stating that he is in quite agreement with Dr Browne that a coal store is required at the Bruff Dispensary. also that the notice Board Form 6. very much requires painting & relettering. The Medicines and Surgical appliances are ordered as nearly as possible every quarter, and he does not consider the amount extravagant, considering that he has on an average, nearly, 1.000 cases to treat yearly. If Dr Browne noticed a large lot of Trucsco at the Dispensary. all he can say is that the greater portion of them are useless, and are lying there before he entered the Poor Law service 15 years ago. There are no Medical Imptees belonging to Messrs Sumner & Co. Liverpool at the Dispensary, and any that were there were returned months ago. Minute "Referred to Dr Browne."
29. 6. 04	Dr M. R. Cleary Hospital Disp District	Stating that the Dispensary is kept in the same condition as Dr Browne found it - frequently swept, but very rarely washed. It should be washed almost every week in Summer, Dge

Killarney, 5th July, 1904.

forward herewith four certified abstracts thereof in pursuance of your order in that behalf made and provided.

The checking of the Relieving officers' books is not satisfactorily done by the clerk. I had occasion to draw attention to this at a previous audit.

Relieving officer Bourin has entered into a new bond, one of his sureties having died.

I have to bring under the notice of the Guardians the case of Margret Hennessey who is in receipt of 2/6 per week out-door relief and who is, I am informed, living with an unmarried son earning 10/- per week, and who has another son earning about the same amount; these men should be called upon by the Guardians to support their mother.

I have reduced a sum charged for expenses of the clerk attending Petty Sessions at Bruff from 12.6 to 6/-. and another payment charged for the expenses of the clerks Assistant as a witness to Limerick from £1.5.0 to 18/-. as I considered the amounts excessive; in both cases the clerk has refunded the difference and credit will be taken for it in the next account.

I have the honour to be, Gentlemen,
Your obedient Servant.

Board acknowledging the receipt of the Clerks letter of the 6th inst, and requesting to be informed whether the plan and specification of the apartments, which it is proposed to provide at the Workhouse for the Boiler Attendant, have yet been received from the Engineer.

Minute "Plan & Specification received to-day, to be forwarded to the L. G. Board."

The Principal Teacher applied for 2 weeks leave of absence, being balance of a months holidays, the Assistant Teacher will substitute her.

Ordered "That the Treasurer be requested to give the sum of Five Pounds for the purpose of maintaining Timothy Meehan in an Dublin Hospital; such sum to be refunded at next Finance Meeting."

Ordered "That the Clerk write to the Hospital in which T Meehan is maintained to know if there is any improvement in the patients condition."

Relieving Officer Teore, (Fermoy) and Sullivan (Kanturk) submitted their monthly reports on the children at nurse in their respective districts, from the reports in question nothing appears to call for any observations.

Arising out of the reading of the Minutes, Mr. P Hayes drew attention to the Minute made on the certificate of Dr. Cremin respecting Relieving Officer Teore, which he stated was not correct as it was not intended that the Minute should be "Granted, Mr. R Coll to do duty during illness." because the Board understood that the leave was fixed at 2 weeks. The Chairman accordingly amended the minute in question.

The Reports of the Master and other Officers were read, and Orders made thereon, as follows :—

A Tramp named James Healy was sent to Jail on the 6th inst for 1 month with hard labour.

Mr. Denis Hassett Wardsmaster & Lunatic Caretaker went on holidays on the 9th inst. I appointed Denis Hogan to do duty for him at 8/- per week. though this man is aged, he is the best I could get.

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

The following Letters from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or Orders made on them respectively, as follows):—

No. 45. 687: 1904. 11th August 1904. The L. G. Board referring to the entry in Minutes of Proceedings of the Board of Guardians on the 29th ultimo, relative to the proposed provision of apartments at the Workhouse for the Boiler attendant, and stating that the Guardians should, by resolution, after due notice, alter the terms of this officers appointment, making him a resident official, and deducting from his salary the annual rent charged for these apartments. The Board add that Thirty Shillings a year, the rent proposed, seems a very small sum to charge.

Minute "notice to be given to have it considered on this day 2 weeks."

No 119/M/1904. Misc. 8th August 1904. The L. G. Board stating that, owing to the large number of proposals which have come before them of recent years relative to increases in the salaries of Union Officers, it has become necessary to adopt some uniform plan of dealing with such cases. In many instances no fixed principle seems to have been followed by the Guardians when voting increases of ~~salaries~~ salary, and as a result the services of some officials have received greater recognition than has been accorded to their equally deserving colleagues.

On careful consideration, the Board have come to the conclusion that the most satisfactory manner of dealing with the question is for the Guardians to formulate a scale of salaries applicable to all the posts under their control. The scale might be drawn up under the following headings, and could be revised from time to time should circumstances render it advisable to do so:—

Name of Officer.	Scale of Salary		
	Minimum	Increments. (state if annual, triennial, or quinquennial.)	Maximum

If such a scale were adopted, the various officers would know what increments they might expect in the event of their discharging their duties satisfactorily, and the Guardians would deal with the question of increases in salaries at fixed periods, the only question to be determined being the manner in which the officers had performed their respective duties.

© Limerick Archives

The Board would impress on the Guardians that, in drawing up the scale, they should carefully consider the amount of remuneration which should reasonably be allowed for the discharge of the duties of the several posts, rather than the amount which should be granted to individual officers.

Minute "Referred to Clerks to give notice to each Guardian that the circular will be considered on this day ~~two~~ month."

No 45,687: 1904 (11th Aug 1904) The L. G. Board transmitting questions for answers respecting the person who may be appointed to the post of Midwife of the Workhouse,

We hereby condemn the action of the Government in having Clause 6 of the Local Government Amendment Act inserted after discussion had ceased, and thereby withholding about £50.000 a year from this Country, which should go towards the increased expenditure under the medical Charities acts, and we hereby call on the Irish Boards of Guardians and on our Members of Parliament to use every possible effort towards the repeal of this clause."

Mr. John Cronin moved the following amendment which was seconded by Mr. M. O'Regan.

"That this Board see no reason to depart from the practice hitherto existing in this Union, inasmuch as there is always an abundance

of Candidates to fill all vacancies which have occurred in the Union from time to time."

7th Sept 1904.	Dr Clery Temp. Medical Offr Bruff Disp District	~~Applying~~ Writing as follows:— Bruff. Sept. 15th 1904. Gentlemen. "The refusal of the L.G.B to sanction my appointment as Medical Officer to the Bruff Dispensary District, on the grounds set forth in their official communication, has come upon me with surprise, and I need scarcely say has given me much pain and disappointment. Since my resignation of the position of Medical Officer of the Kilmallock Disp District in the year 1890 and which I did voluntarily, and with a clear understanding and full assurance given to my friends by the then L.G.B. Inspector (Dr. Clements) "That it would never be used against me as a reason for withholding the sanction of the L.G.Board should I at any future time seek an appointment under that body," I may here mention further that apart from the reason assigned by the L.G.B. my health was anything but good at the time, otherwise I should never have thought of resigning. Gentlemen since 1890 I have as you are aware, done duty for you on various occasions. I have also acted as temporary Dispensary Medical Officer in the Unions of Borrisokane. Mallow. & Kilmallock.

[These Reports are to be made up and forwarded by the Medical Officers to the Board of Guardians quarterly, viz., on the 31st March, 30th June, 30th September and 31st December]

were laid before the Board, and directions given thereon as follows:—

and during all that time and on all those several occasions there was never one word of complaint made against me, on the contrary, the people of the various districts, and particularly the sick poor, (I say it without any egotistical feeling) were delighted to have me as their Medical attendant,

Gentlemen. I thank you sincerely for your unanimous resolution to uphold me in the position I have honorably and fairly won. I promise on my part that you never will have reason to regret your choice, and in conclusion I may here remark that I am a strict teetotaler, and I give due notice to all my friends in the Board and to my good and faithful outside supporters as well, that should a new election be forced upon us, I shall rely on their loyal and staunch support.

The Master to get Mr. Geary Sol. to prepare an agreement for a monthly tenancy, the rent to be 2/6 a month."

The L. G. Board letter No 52 793/1904. dated 14th Sept 1904. relative to certain children being maintained in the Glin District School, was again considered. when the following Order was made on it, Messrs J. Hayes. & M. Meagher dissenting:— "Mr. Geary Sol. has now taken proceedings against Mr. Grath for the maintenance of his chedren in the Workhouse, Cronin's father is homeless and wandering about the country. Mr. Meagher handed in the following which was refused by the Chairman:—

"I protest against the repeated order of this Board that Mrs. M.c Grath be proceeded against by civil bill for the maintenance of his children as I consider that whoever is responsible for their presence in the Workhouse should be liable.

Mr. Geary Sol.r reported that he wrote to Thomas Hanlon for the sum of £1.3.7 amount due for the support and maintenance of his father while in workhouse and got a reply from Hanlon saying that he was not worth one penny and that his wife is tenant of the farm in which he lives, and under these circumstances requesting instructions as to the recovery of the amount.

Minute "To proceed against Thomas Hanlon and his wife for the maintenance of Thomas—Father."

The following letter was read from Mr. Geary Sol.r—

"In reply to yours stating that Denis Flanagan refused to supply milk to the Workhouse notwithstanding that he tendered to do so, and actually supplied same for a time and asking me to advise your Board thereon. I see from enclosures you sent me that

price per gallon you agreed to pay Mr. Flanagan was 7¾d. per gal. and that he ceased to supply the milk in the early part of June – the price of milk per gallon then being only something over half that amount. – I have ascertained that the necessary Bond perfected was neither executed by Mr. Flanagan nor his sureties. Under these circumstances I think the best thing to do to end the matter for the amount of milk supplied at whatever price your Board may think reasonable."

Proposed by Mr. Martell, seconded by Mr. J.J. Clery and ordered "That Denis Flanagan get five pence per gallon for new milk supplied."

Patrick Selee night watchman of the Workhouse applied for and was allowed 2 weeks leave of absence: the Master to procure a substitute.
