- Member of the Estimate Committee

On the suggestion of Mr. Mackley,  
it was considered advisable to  
recommend to the Council the in-  
formation necessity of seeking from  
the Government such a loan of  
money at 3 per cent interest, as  
the security of the property and  
income of the Corporation as with

pay off the several incumbrances  
and who are now paid 5 per  
cent interest on their advances -  
that a schedule of debts should  
be prepared and laid before the  
Council, with a statement of  
the sources and particulars of  
income, and the items paid to  
each person that interests, to  
whom the Corporation is in-  
debted. That the said items  
may not exceed the paper-  
trail from a great measure and the  
particulars in which it is placed,  
which it would enable it to  
work more efficiently, and espe-  
cially for the purpose of im-  
provement of the Borough, which it  
cannot do efficiently unless  
presented in a true form - that the  
said Corporation be referred  
to a special committee to  
report on, and that the  
City and County representatives  
be referred to give their best  
aid towards the Government  
of such advances as will be  
obtained to be referred, on  
such account, as the property  
and income of the Corporation  
can be guaranteed.

18th March

The Committee decided that in  
containing further the Treasurer shall not  
pay an account of the Contingent of  
the sweeping of the Streets more  
than five pounds in any one tax  
and in order to this object that  
the Assistant Carman be discharged  
and the permanent <sup>at the present</sup> be  
employed in five succedent  
taxes that it be seen that the Cont  
and Laws are in every instance  
properly filled

Read Application from  
J. Winter - stating of the Great  
Borough and caused by <sup>the</sup> being  
free access at all hours to  
the Public Pump at his  
place <sup>at the present</sup> by which a very  
great nuisance is caused -  
ordered that ~~the~~ house  
in which the Pump is placed  
in Lane shall be closed on Sunday  
~~at~~ evenings at six of clock

The Treasurer is directed  
to pay the Treasurer for the  
Maltham Waterworks and six Superintendents  
to be appointed on this day  
March

18th March

Accepted the Contract of  
Sullivan Ho for Paving -  
at the price of last year -

The Committee recommended  
that in future the Mayor Sergeant  
Constable and Beer Men do  
not get Colours of Lane. Then  
once in two years

Read Copy of Petition for  
Incorporation of Waterford - about  
the abolition of Raths -  
the proposition of the Act  
is recorded by ~~the~~ - same  
was referred to Council and  
recommended to be adopted

The Committee has to state  
that it finds ~~it~~ utterly impossible  
after very many suggestions and  
and constant representations to  
the Public Officer in charge of the  
Leavening to bring the weekly  
expenditure under that head within  
such limits as are reasonable  
and just, that there appears to be  
no efficient control on the part  
of the Public Officer over those  
who are engaged in the Leavening  
and consequently no due satisfaction  
afforded to the Committee as to  
the amount of work done by

18th March

Scavengers and Carters -  
That the expenditure in those  
items is enormous - Relative  
to the other sources of expenditure  
of the Corporation, and on an average  
reaches £1200 a year, whereas  
the amount received for Manure  
last year was not £300 being a  
deficit to the Corporation of £900  
in one year under the head of  
cleaning - That the Scavengers are  
not let off in districts, as they  
should be, nor are they responsible  
for a certain amount of work  
as should be the case - What  
the work done, in no instance,  
is value afforded for the large  
amount of money given, that  
the week before last the Committee  
gave special directions to the  
Public Officer to employ least  
half the cartage that had been  
employed for some time previous  
in order to bring down the  
expenditure. Complaints  
were made that the refuse of  
the streets was not taken off and  
it was even stated by one of the  
Aldermen of the Corporation -  
(Quin) and others, that the streets  
in the neighbourhood were not  
even swept - notwithstanding

18th March

their very dirty state, the  
expenditure is very nearly as  
much as it had been - That  
the Committee feels a tremendous  
amount of responsibility in  
dealing with the subject in  
consequence of its large ex-  
penditure for such trivial  
value, and in the face in some  
instances, of complaints from  
several quarters, and it now  
records its unanimous opinion  
that a change in the entire  
system of supervision, checking  
district distributions and control  
are absolutely essential as well  
for the purpose of affording the  
Public Satisfaction as for  
bringing within their proper  
bounds, the expenditure of the  
Rates which preys so grievously  
on all classes of the Citizens  
and that as a first step  
the Committee agree that the  
City should be divided into  
Districts, and that those Districts  
should be let out to Contractors  
who will cleanse and remove  
at a certain stipulated sum

Having been considered,  
The Committee have carefully  
reported that they have carefully  
considered the State of the City  
Sweepings, and the removal  
of Staves, and that they unanimously  
recommend that advertisements  
be inserted in the public prints  
asking for tenders for the  
performance of same.

That at the same time,  
failing to find Contractors  
at a reasonable rate, they  
require of the Council to  
~~permit~~ them to appoint  
such Officers and Assistants  
as they may require, to discharge  
the same. Duties imposed on  
them, from the Nature of the duties,  
From the Complaints so frequently  
made to your Committee, they  
are resolved to deal with  
the Matter vigorously or  
abandon the duty altogether.

The following Resolution  
was then proposed and  
agreed to, unanimously.

That this Committee  
has fully entered into the  
Subject of the Sweepings  
&c of the Board, and after  
full discussion on the  
Subject, it was

Proposed by John A. Downing  
and seconded by M. R. Ryan

That Contractors be invited  
to tender for doing the entire  
work - namely Sweepings  
and Removing the Staves  
and finding the necessary  
Articles for doing, &c.

Advertisements to be inserted  
in the General Advertiser,  
Keenan's Journal - and  
York Examiner, and Local  
Papers -

Very Respected

I am directed by  
the Improvement Committee  
of the Corporation to ask you  
when building the Boundary  
Wall in front of the Courant  
& Church of Mr. Thompson  
to erect it in accordance  
with the line marked on  
the enclosed tracing, and in  
referring to it you will  
perceive that by giving the  
said line in yellow, you  
will enable the Corporation  
to have a wider Roadway  
of 100 feet which would be a  
very great boon to the Public  
and an improvement as a Road Approach  
to your Church. I am very dear Sir  
Yours obediently W. Collett

As also, Mr. Plunkett's  
Reply -  
Mr. Thompson  
27 Decr 1802

Dear Sir

In reply to your  
letter of yesterday, in  
which you inform me  
that you have been directed  
by the Improvement Committee  
of the Corporation to ask  
me when building our  
boundary wall - in front  
of the Church & Courant -  
to erect it in accordance  
with a tracing which you  
have sent me - and which  
encroaches on our ground  
a space of from eight  
to ten feet along the  
Road line - I beg leave  
to inform you, that I  
have no authority to  
make away with any  
part of the property - but  
that consequently I  
have forwarded your  
application to the  
Superior Council in Rome,  
along with the tracing.  
I have no doubt that  
the Superior will accede  
to the request of the

Corporation, if, on  
the other hand, the Superior  
- Meet Committee, please  
agree to provide a flagged  
Way from the Corner of  
Mumkenham St. along  
Henry Street, on the  
North side up to Victoria  
Terrace, and also an  
abundance of Gas Lights  
especially between Charter  
Street & Victoria Terrace  
which would not only  
be an advantage to those  
who frequent the Church  
of St. Alphonsus, but  
which has long been  
wanted more for the  
sake of public decency.

If the Committee were  
willingly agree to these  
terms, I do not doubt  
that the Superior would  
be willing to continue  
the same Line, on  
through our actual  
Workshop & Garden  
up to the Louie, which  
lead to the French  
- Courtyard

of course I  
must be considered to  
speak now without

Authority - but if  
the Committee will agree  
to these terms, I will  
use all my influence  
with the Superior, to  
secure the successful  
issue of the arrangements,  
I remain dear Sir

Yours obedt Servant  
Wm Plunkett  
Rector of the Convent  
at St. Alphonsus  
Leicester

The Committee consider  
the agreement of the Rev  
Mr Plunkett so reasonable  
that they ought to be  
concluded with, on the  
understanding that the  
Grant which has now become  
a great expense should  
be widened.

bleading - The Committee have  
before them the resolution  
of the Council Arriving them  
with the very ample  
powers touching the taking  
of all necessary steps on  
the closing of the Convent,  
and the appointment  
or destination of Officers

The Committee do not  
inter in the consideration  
of so important a Resolu-

in as much as at the  
Next Meeting of the Finance  
Committee will  
be reconvened, and it is  
most expedient that  
the new members shall  
enter on the subject free  
of all hindrance.

The Secretary is desired  
to send circulars to all  
the members for next  
regular meeting.

The Finance Committee  
meets that Alderman  
ought to be continued on the  
- 2 - as a most efficient  
and active member.

W. L. Foynt, Chairman

It being moved  
that the Mayor do ~~leave~~  
leave the Chair - and that  
Alderman Foynt be called  
here to.

It was moved by  
M. Buchanan, J. C. and  
seconded by M. W. Ryan, Esq.,  
and unanimously carried  
Resolved - That the  
next thanks and approval  
of this Committee are due  
and hereby given to the  
Right Worshipful

W. L. Foynt, Mayor,  
not only for his able and  
constant conduct in the chair  
on the several occasions  
on which he has presided  
over our Meetings, but  
for the efficient and powerful  
aid he has given this  
Committee in the protection  
of its arduous labors  
during the year, which has  
been nearly brought to  
a close, and for his very  
energetic and successful  
Co-operation in the  
Council, which has  
secured for the Committee  
that independent position  
by which it expects to be  
able better to attend  
to forward the interests  
of the rate payers and  
the City generally.

Solly - having visited No. 2  
District of the City on Friday 10th  
April - the Receiver of the  
Municipal Corporation could be advised,  
without interfering with the proper  
conducting of the District -  
State 55 follows.

We beg to report that in our  
opinion one sweep at least  
could be spared - and recommend  
that Kennedy Superintending be  
discontinued - and that Grady be engaged  
to his place - that Grady's  
present District be swept  
by the two sweeps at each  
side of it.

We found the streets and  
Lanes swept clean - but the sweeps  
were all left in heaps - without being  
removed at the' it was the first  
of March - We think it would  
be desirable to transfer the  
Inspection of the District from  
Ball's Bridge to John Wallis Street  
to Mr Stages, and give Mr  
Larkin that portion of the

Mayor's District, from Madden  
Bridge to Lane Hotel, including  
Arthur Quay & Demerest Street,  
as it would enable the Inspector  
to have a better view on the  
factage to their Report -

Summary I have to report that the  
Contractors during the year  
ending April 7th. 1868. have  
repaired and maintained the Street  
and Roadways in a very fair way.  
and that all are in fair repair -  
except those mentioned on the  
face of each Certificate on which  
I withhold Certificates for  
payment. unless they are put  
into proper repair - I have to  
remark that a decided change  
for the better has taken place  
in the material used on the  
Roads - and that the Contractors  
are breaking the Stones much  
smaller. Road
