The Aromatize catalogue is bursting with new products this season. In Aroma Accessories we have new designs of electric and tealight wax melters. In the Woodbridge section you will find new designs in our best-selling LED reed diffusers, a stunning new range of 1000ml & 800ml glass reed diffusers, and new wax melter gift sets.

There are new fragrances in both foaming hand soap and bath soap bars in Michel Design Works, and the Christmas designs are absolutely beautiful.

Last but not least, we are welcoming a new range of candles with warm sentiments in the form of the much-loved Me To You blue nosed bear! We hope you love the products for the upcoming season.
