Glass Reed Diffuser Bottles

Glass Reed Diffuser Bottles

We have two sizes and designs of reed diffuser bottles. An empty glass bottle supplied in a colour picture box packaged with 50 reeds.

The small bottles hold 200ml of fragrance and the large bottles hold up to 1000ml.

Turn the reeds to get the best fragrance throw from your diffuser.

A great way to continuously fragrance the home.

Tealight Wax Melter

- Place a wax melt into the dish section of the melter.
- Insert a good quality t-light into the cavity and light the candle.
- As the wax melts, enjoy your fragrance. Extinguish the flame with a snuffer when you are ready to end the fragrance.
- The melter will get hot. Do not move it when in use or leave it unattended.
- Keep out of reach of children and pets.
- Do not let the wax melt burn dry.

3 in 1 Melter & Candle Holder

Candle Accessories

Candle Accessories

The perfect way to accessorise your candles and protect your surfaces.

Aroma Accessories Candle Shade and Tray sets complete the look of your candle jar. The flame glows within the shade, creating a cosy ambience and the matching plate provides a heat-resistant surface for your jar to rest on. Carousel Shades gently turn creating a light show.

Our 3 in 1 tealight wax melter and candle holders are a fantastic multi-functional product. Beautiful and practical.
