
FREE eye test now available!

As part of our commitment to employee eyecare a FREE eye test is now available to all DSE users.

A SEE voucher entitles you to a FREE eye test and, if required, a FREE pair of VDU glasses from the SEE eyewear range or £25 towards a pair of glasses of your choice.

This voucher can be used at over 3,000 opticians across the UK. Visit smartemployee-eyecare.com/employees for more information.

Who is entitled to a SEE voucher?

If requested, an employer needs to pay for an eye test under the Health and Safety Display Screen Equipment Regulations 1992 as well as glasses, if they are needed specifically for computer work. You qualify if you use your computer continuously for an hour or more on most working days.
