Frequently asked questions

- **What is a kWh (Kilowatt-hour)?**

A kilowatt-hour is the unit of energy which we use to calculate how much gas/electricity you've used and how much to bill you.

- **What is the Tariff Comparison Rate (TCR)?**

Every tariff has a TCR which shows the pence per unit cost of the tariff. It enables you to find your cheapest tariff and compare the tariffs of different suppliers.

Tariff Name	GnENERGY Standard Variable
Payment Type	Any
Tariff Comparison Rate (TCR) for this tariff	4.91 pence per kWh
About the TCR	<p>The TCR is a single figure that represents the cost per kWh that a typical consumer would incur on this tariff. It is based on an assumed consumption level of 12500kWh, and includes the unit rates and standing charges of the tariff, along with certain types of discounts and bundled products and services.</p> <p>The TCR is used to compare tariffs offered by energy suppliers, but is not the actual price you will pay.</p> <p>You can find the TCR of your current tariff on your bill or annual statement.</p>
Discounts	No discounts
Surcharges	This tariff has a late payment fee of £15.75 if you do not pay your bill by its due date. This charge is not included in the TCR calculation.
Bundles	<p>Any costs associated with optional bundled services are excluded from the TCR calculation.</p> <p>The value of any bundled products is not included in the TCR calculation.</p>
