

HENLEY BUSINESS ANGELS

Are you a business leader, successful entrepreneur or self-certified investor? If so, we would be interested to talk with you about joining Henley Business Angels

- Henley Business Angels is a growing network currently 25 members.
- Members have already invested in several companies including KYMIRA and Process Vision.
- Members enjoy significant benefits including access to investment in carefully selected early stage high growth potential companies, engagement with the University in collaboration and networking with other HBA members working together in areas of mutual interest.

This is what one HBA member and senior executive at an IT company had to say on why he joined and how he has benefitted:

'Joining Henley Business Angels has given me a unique opportunity to meet some of the brightest entrepreneurs in the Thames Valley and hear the exciting and innovative ideas for which they are seeking funding. I have had the privilege of discussing these in detail and have been able to provide my own perspective and support to help them get to the next level of growth and funding. Over the past year of involvement, I have personally invested in three separate and very different start-up enterprises, each with a novel proposition and disruptive approach to their markets. I look forward to continuing my involvement with the group and helping further young enterprises realise their full potential'
