

Chemsex Film Event

On Wednesday 2nd March Yorkshire MESMAC was proud to host the East Yorkshire première of the film Chemsex at the Guildhall in Hull. The film is “a fascinating peek into an underground world affecting more lives than you think “ according to Empire Magazine and explores the issues around drug-fuelled sex in a developing subculture of the gay scene. If you want to know more about the issues around Chemsex we have some reports in the office.

If we get enough interest we will try to organise a private showing for volunteers!

Plenty of Fish Event

The dating website Plenty of Fish (www.uk.pof.com) held one of their events at The Vault on Witham on Sunday 13th March. Yorkshire MESMAC were there to raise awareness around sexual health with our usual flair and enthusiasm. The event was a great success and we made contact with lots of people there.

We will also be there on Sunday 20th March for a Plenty of Fish LGBT event which we will, of course, be attending.

These events are due to be happening monthly, so let us know if you are interested in volunteering at one later in the year.

Volunteer Questionnaire

I am currently working on a volunteer questionnaire that I will be sending out to you all. We want you to have a great time volunteering at Yorkshire MESMAC so we need to know what we are doing well and also what we are not doing so well. Your responses will be treated in confidence, but we may ask you if we can use your responses anonymously.

Remember, I'm just a call or an e-mail away.

Testing Times

We can always use more help at testing times and for outreach. If you want to try something new or offer us any more time we would be really grateful.

Ring Martin on 01482 291194 or 07715642307 for more details.

Testing times in Hull:

1-4pm Monday, Wednesday and Friday

4-7pm Tuesday and Thursday

1-4pm on the 1st Saturday of the month

We also do outreach in various locations and at various times, both day and night.

I will be in touch with you all soon to organise a volunteer meeting so that I can meet you all (and you can meet each other!).

It will be a chance to share ideas about how we can improve your experience here at MESMAC.

I can't wait!
