Using the latest touch screen technology a new unique and interactive customer experience is available for your campaigns.

The touch screen is calibrated to cover the entire surface of the screens and is fully compatible with the Windows Touch SDK application.

Microsoft Kinect body detection technology can also be integrated allowing for gesture recognition. The field of gesture control is new and developments move fast. Please call our team to discuss these limitless possibilities.

ARTWORK DEADLINE: 5 WORKING DAYS PRIOR TO GOING LIVE

Please note:

You are responsible for making sure that all text is legible and that the artwork fits within the space that it is designed for.

We will assume that you are happy with the quality of the artwork before you send it to us.
