

# The Make Space Nature Brushes

## Materials

- A stick - from outside or use lolly stick or short bamboo cane
- Rubber bands, string or twine
- Leaves, feathers, flowers or any other natural objects you can find
- Poster paint or similar

To create your brush, attach your found natural objects onto your chosen stick. You can use rubber bands to attach or wrap a long piece of string or twine to secure your objects. Now you are ready to paint! Experiment with lines, shapes and swirls and see the effects that different natural objects create.
