Nature Bingo

Artists spend a lot of time looking and noticing; collecting ideas and inspiration from all around.

Step into an artist's shoes and take this bingo card on a walk; be curious, pay close attention, and see how many things you can find! Can you collect or record your discoveries somehow? Perhaps with a drawing, a photo, a word to describe it, or something else...

Something shiny	Something colourful	Something bigger than you	Something round
Something that matches something else	Something spiky	Something dull	Something gold
Something wonderful	Something missing	Something very old	Something smooth
Something that could fit in your pocket	Something rough	Something with spots	Something that shouldn't be there
