Delivered by Aster Living

live your life
safely & independently
in your own home

who are we?

my home my life helps residents of Somerset live safely and independently in their homes.

Our service is focussed on your housing being warm, safe and secure, well maintained and suitably adapted so you are able to live independently.

how can we help?

The idea of getting any type of large building works, adaptations, extensions or repairs done in your home can be both confusing and often daunting.

my home my life can assist you throughout this process by project managing your works “such as” producing detailed drawings, advising on building regulations and seeking planning consent. Ensuring you get a competitive price, quality job and that you are not ripped off by rogue traders.

my home my life also works in partnership with Local Authorities and Occupational Therapists, assisting clients with Disabled Facilities Grants to fund adaptations and Local Authority Low Cost Home Improvement Loans to fund improvement and essential repair work.

what do we do?

- > We can visit you at home to give advice about any problems you have with the condition of your home
- > We can check to see whether you are entitled to any financial help (i.e. welfare benefits or money to fund repairs and/or adaptations)
- > We can prepare plans and specifications of works
- > We can obtain quotations from our approved contractors list
- > Preparing building contracts, liaising with others involved in the work, so you don't have to
- > Supervising the work to satisfactory completion
- > Provide energy efficiency advice, heating and insulation
- > And lots, lots, more...
[please contact us for advice](#)
