

Welcome to Sonocent!

In this pack you'll find information about how Sonocent can help provide inclusive notetaking support for students at your institution.

Sonocent Audio Notetaker provides a visual, kinaesthetic workspace for capturing and annotating recordings of speech, directly alongside slides, images and text. It enables all students to engage with spoken information from lectures, seminars, tutorials, field trips, practicals and more, improving understanding, recall and long-term retention.

Contents:

1. Video - Sonocent Loan Licence Manager

- a. An introduction to our Loan Licence Manager, our tool which makes it easy to manage and administer user licenses in your institution.

2. Video - Sonocent Audio Notetaker V5.3 Updates (DSA)

- a. Find out about the brand new features we introduced to improve the accommodations you choose for students.

3. Video - Sonocent Audio Notetaker V5.3 Updates (Institutions)

- a. Hear about our recent updates which further improved our Loan Licence Manager and Study Portal, making admin even easier.

4. Document - Sonocent Licensing Options

- a. A comparison between our loan licence and site licence options.

5. Document - Sonocent Survey Results

- a. The findings from our 2016 User Survey.

If you have any questions we'd love to hear from you!
