

Beaglelandia - The biggest Beagle event in the world is happening again, and this time we are celebrating that we are officially the world record holders of the largest single breed dog walk.

Beaglelandia is a charity event that in the past two years has raised almost £20,000 for Beagle and Animal Welfare charities in the UK.

In 2018, 1029 beagles and hundreds of younger puppies from all across the country came to Beaglelandia at Capesthorne Hall in Cheshire, to participate in an attempt for the Largest single breed dog walk for the Guinness book of world records.

After 9 long months of waiting we were officially named as the new World Record Holding team. The day was jampacked with dog shows, fun dog runs, food and stalls as well as the official dog walk attempt.

So to celebrate this amazing feat, the event will again be held on the 8th September starting at 10am at the same venue. This year there will also be fun games for humans as well as all off lead dog areas, stalls, food and fun for the dogs. **It will be a great family day all to raise money for our amazing charities.**
