1.3 The Reload Benefit is available only for new clients and for Forex/CFD accounts only.

1.4 The decision whether to offer a trading benefit to a prospective or existing client is clearly and indisputably at the Company’s absolute and unreserved discretion. BDSwiss will, as part of its fiduciary and legal responsibilities, take into consideration any information you present to the Company during the application process which includes, but it is not limited to, your financial situation and your trading experience/knowledge. The Company, based on the information provided by the Client, will evaluate whether a trading benefit is suitable and/or appropriate for the Client prior granting the trading benefit.

1.5 Trading benefits are intended for experienced traders. As per paragraph 1.4 above, the Company may not directly offer such trading benefits to all Clients. If you are interested in receiving a benefit, you should carefully read, understand and accept the Terms and Conditions herein before requesting or accepting a trading benefit from the Company.

1.6 Trading benefits will only be granted to clients who have completed the account opening procedure, submitted their KYC documents and passed the appropriateness assessment.

3 The Reload Benefit

3.1 Without prejudice to other periodic trading benefit schemes, promotions or campaigns offered by BDSwiss from time to time, in order to qualify and receive the Reload trading benefit, a minimum deposit of €500 must be made to the Client’s trading account.

3.2 The Reload Benefit is available only once per client.

3.3 BDSwiss may ask the Client to provide sufficient documentation as the Company thinks fit and necessary in order to be satisfied as to the Client’s identity prior to transferring any benefit to a Client’s trading account.

3.4 The Company offers a 25% Reload benefit subject to the following conditions:
   a. Before placing the trade, the customer must email funding@bdswiss.com about his intention to claim the Reload Benefit. In case the client fails to inform the Company about his intention to claim the benefit prior placing the first trade, the Client will not be entitled to claim it.
   b. The Company will not front load the client’s account with any benefits, but in case the client loses his/her account balance apart from the margin, a Reload Benefit will be credited to the Client’s trading account, which will equal to 25% of the deposited amount.
   c. The Reload Benefit is available for deposits up to €4,000.

3.5 Once the Reload benefit is credited to the client’s account, the Client will be able to trade with the Reload Benefit, but the Reload Benefit shall not be eligible for withdrawal.

3.6 Any profits generated from the Reload Benefit are eligible for withdrawal.

3.7 The Client’s account balance available for withdrawal shall, at all times, be the 100% of the client’s actual account balance minus the exact amount of the credited trading benefit.

The Company will credit the amount of €1,000 back to the Client’s trading account, with his total balance now being €1,000. The Client subsequently generates profits of €300, with his account balance now reaching €1,300. The Client’s balance available for withdrawal shall be €1,300-€1,000 (the exact amount of the trading benefit) = €300.

3.9 In case the client’s account remains inactive for more than sixty (60) days, the Company reserves the right to cancel any remaining trading benefits credited to the Client’s account.
