

**MATERIAL SAFETY DATA SHEET**

according to EU Directive 93/112/EC

**SILICONE REMOVER WIPES**

Version: 2

Print date: 24.5.04

**1. Identification of Substance/Preparation and Company**

Product Name                      Silicone remover wipes  
Company                              Biokil Crown Ltd  
   7 Stadium Ind Park, Long Eaton  
   Nottingham, NG10 2DD  
Telephone                            0115 946 0060  
Fax                                      0115 946 9767  
Emergency Telephone              07967 10 71 95

**2. Composition / Information on ingredients**

| <b>Ingredient</b> | <b>Cas No</b> | <b>Contents</b> | <b>Health<br/>(class)</b> | <b>Risk<br/>(R No)</b> |
|-------------------|---------------|-----------------|---------------------------|------------------------|
|-------------------|---------------|-----------------|---------------------------|------------------------|

Comments:

**3. Hazards identification**

This product is not classified as hazardous under the CHIP (3)Regs.

**4. First aid measures**

Eye:                                      Flush with water as needed.

Skin:                                      Wash with soap and water; remove any contaminated clothing and shoes. Do not allow saturated clothing to remain in contact with skin for prolonged periods.

Ingestion:                              Unlikely to be a problem.

Inhalation:                              Remove patient to fresh air, keep at rest and seek medical advice.

**5. Fire fighting measures**

Extinguishing medium:              Water fog, CO<sup>2</sup>, dry powder or foam. The use of water streams should be avoided as this will tend to spread the fire.

Specific fire fighting procedures:      Suitable self contained breathing apparatus should be used in confined areas.

Unusual fire & explosion hazards:      Stay upwind of fire.

Hazardous decomposition products:      Burning product will liberate CO<sup>2</sup> and possibly CO. Avoid breathing smoke

**6. Accidental release measures**

Spill clean up methods              Dispose in dry waste.

**7. Handling and storage**

Handling:                              No special requirements.

Storage:                                 Store in cool dry ventilated place.

**MATERIAL SAFETY DATA SHEET**

according to EU Directive 93/112/EC

Version: 2

Print date: 24.5.04

**8. Exposure controls / personal protection**

| Ingredient | Cas No. | LT Exp.(8 hrs) | ST Exp.(10 mins) |
|------------|---------|----------------|------------------|
|------------|---------|----------------|------------------|

|                  |  |
|------------------|--|
| Engineering:     | No special requirements.                                     |
| Ventilation:     | Adequate natural ventilation will suffice in most instances. |
| Respiratory:     | None required in normal use.                                 |
| Eye protection:  | Avoid contact with eyes.                                     |
| Skin protection: | The use of Nitrile rubber gloves is advised.                 |

**9. Physical and chemical properties**

|                     |                      |
|---------------------|----------------------|
| Boiling point       | 100°C                |
| Density             | 1.0g/cm <sup>3</sup> |
| Vapour density      | N/A                  |
| Viscosity           | Not applicable       |
| Solubility in water | Miscible             |
| pH value            | 5-6                  |
| Flash point         | N/A                  |
| Auto ignition temp  | Not applicable       |
| Explosion limits    | N/A                  |
| Dielectric strength | N/A                  |
| Appearance          | Impregnated wipe     |
| Odour               | Slight               |

**10. Stability and reactivity**

|                         |  |
|-------------------------|--|
| Hazardous decomposition | As with any organic material, combustion will liberate carbon dioxide and/or carbon monoxide |
| Incompatibility         | Avoid contact with strong oxidising agents   |

**11. Toxicological information**

|             |  |
|-------------|--|
| Ingestion:  | Unlikely to be harmful.  |
| Inhalation: | Unlikely to cause a problem.   |
| Eye:        | May cause mild irritation.   |
| Skin:       | Non-irritant, but prolonged contact may aggravate dermatitis in sensitive individuals. |

**12. Ecological information**

|                      |   |
|----------------------|---|
| Biodegradation (EEC) | Biodegradable. Liquid will evaporate readily.                                       |
| Other                | Inherently biodegradable (OECD) No acute toxicity to aquatic organisms is expected. |

**13. Disposal considerations**

|          |   |
|----------|---|
| Disposal | This product is biodegradable and is unlikely to cause a problem. |
|----------|---|

**14. Transport information**

|                |            |        |       |
|----------------|------------|--------|-------|
| Intrastate Ref | 3402 90 10 | UN No. | Class |
|----------------|------------|--------|-------|

Road  
Air  
Sea

This material is classed as non hazardous for transport.
