

# TECHNICAL DATA

## Sealant Remover Wipes

Code 922

### PRODUCT DESCRIPTION

Sealant Remover Wipes are ready to use wipes for removal of part-cured sealant from painted surfaces, laminates glass and hands. They will remove even partially cured high grab type adhesives and contain skin conditioners to keep hands supple.

For specific Health & Safety data please refer to the product safety data sheet.

### APPLICATION METHODS

Remove lid and feed wipe from centre of the roll through hole in the lid. Replace lid and keep tab closed when not in use. Turn cloth frequently while wiping to increase cleaning efficiency. Allow to dry or wipe over with a clean dry cloth.

Note: Always test on an unobtrusive area first. Do not use on porous surfaces such as bare wood.

### APPROVALS

This formulation has been assessed under the Cosmetics Products (Safety) Regulations 1996.
