

Bodum is looking for an effective Warehouse Manager to direct receiving, warehousing and distribution operations in our new WH facilities in Telford. You will oversee the efficient receipt, storage, value-adding servicing, picking/packing and dispatch of Bodum products and orders. Ultimately, you should be able to ensure productivity targets are achieved and that all warehouse processes are running smoothly and promptly.

Responsibilities

- Setup layout and ensure efficient space utilization
- Prepare annual budget together with Bodum Management
- Initiate, coordinate and enforce optimal operational policies and procedures
- Ensure stock is correct and controlled at any time – inventory
- Plan staff for daily tasks and monitor efficiency, quality and described processes each day.
- Receive feedback and monitor the quality of services provided

Requirements

- Leadership skills and ability manage staff
- Excellent communication skills with staff and Management
- Clear decision making and problem solving skills
- Expertise in warehouse management procedures and best practices
- Proven work experience as a warehouse manager
- Experience with IT – Bodum is using Axapta 4.0, Microsoft Office, Microsoft Teams.

If you find this interesting and challenging, then please contact: uk.jobapplication@bodum.com
