We recommend you follow these steps:

- Choose your Integrated Case Study (ICS) sitting first and check when the ICS programme starts
- Choose the study mode that meets your needs - you can study for all your exams via your preferred study mode or mix and match for different exams
- Select Objective Tests (OT) programmes to start when you're ready, and finish close to the ICS programme starting - an advantage of the OT exam format and the exams being on demand is that you can progress at

the pace that suits you, as you can study for one or more OT exams at a time

- You can study the OT papers within a level in any order, the flexibility of the 2015 syllabus means there is not a recommended route
- Aim to sit your CBA exam within 2 weeks of your OT programme finishing for each paper
