We are very excited to be entering the second year of Your Bromley BID. Part of our commitment to you is to help create a stronger business community, connecting member businesses together both on and offline. With this in mind, we are pleased to include a complete BID area business listing directory here, to enable you to create better local connections and work together. More information on all of the businesses featured can be found online at yourbromley.com.

ANDY BAWN
YOUR BROMLEY BID CHAIR

Your Bromley is venturing into its second year. Here is a quick snapshot of what we have planned for you for the year ahead.

2016-2017
Proposed Public Realm Improvements of the pedestrianised section of Bromley High Street

After successfully implementing the improvements to Bromley North, Bromley Council would like to extend the public realm improvements to the remainder of the pedestrianised section of Bromley High Street. The aim of these improvements is to:

- Introduce a hierarchy of public spaces where people can dwell
- Green-up the High Street
- Create shelter within the High Street for year round enjoyment
- Create better links to Bromley’s green spaces
- Encourage street activity and enhance pedestrian experience

A key feature of the emerging design was the reordering of spaces in the High Street to create a new public garden square in the southern pedestrianised area. This may contain commercial kiosks which would act as anchors to the new garden space. It was also proposed that the existing market be reorganised and relocated along the High Street, with a significant proportion occupying space in Market Square.

The scheme design extends from Market Square to the end of the pedestrian area of the High Street, including the Elmfield Road junction. The scheme design included provision to rebrand and relocate the existing street market further north into Market Square.

The proposed implementation timetable will enable the first phase of the improvement works, from Market Square to Marks & Spencer, to be commenced in July 2017 and be completed before the Christmas trading period in November. It is proposed that the remainder of the improvement works, including the relocation of the street market, will commence from January 2018 and be completed by November 2018.

The public realm between Market Square to the junction of the High Street with Elmfield Road will be transformed. The improvements will create a series of High Street Character Areas. These are:

- Elmfield Arrival Space: welcoming visitors from the south of the High Street. Improvements will comprise kerb realignments and new road junction surfacing to integrate the space with improvements, granite paving similar to Bromley North Village, new lighting, a pavilion-like canopy, seating and a commercial unit relocated from under the canopy.

- Church Square: a flexible public square for events. Surfacing will be in bonded resin with brown motif patterns to contrast with the rest of the High Street. The space will have a smaller pavilion-like canopy and a commercial unit with potential seating, relocated from under the canopy.

- Churchill Square: a public space, which will act as anchors to the new garden space. It will be a continuation of Market Square treatment. On Market Square, it is proposed to locate semi-permanent market kiosks back to back and parallel to the Primark frontage.

- High Street and Market Square: The space from outside the Churchill Theatre to Market Square will host new pop up market stalls. The stalls will be located on the western side whilst benches will be located in linear fashion on the eastern side of the High Street. Repaving will be a continuation of Market Square treatment. On Market Square, it is proposed to locate semi-permanent market kiosks back to back and parallel to the Primark frontage.

- Street Market: Plans to relocate the street market from its current location to a position further north, centred around Market Square. In its current location the market is poorly laid out, resulting in loss of visibility of the main shopping frontages, which in turn has had a detrimental impact on the commercial viability of this section of the High Street. Following feedback from a market specialist, provision has been made for the erection of a number of permanent market kiosks, located in Market Square adjacent to the Primark frontage.

- Street Market Review: One of the significant implications of the public realm design concept is the relocation of the street market from its current location to a position further north, centred around Market Square. The current market in Bromley consists of 36 pop-up stalls, although this will vary depending on the number of tenants which will vary from week to week. The intention is to relocate and reconfigure the market to reduce the number of stalls but focus on a higher quality offer – including more food (retail and catering) than at present. This includes the option of introducing a number of semi-permanent kiosks in addition to pop up stalls.
The team at Your Bromley Business Improvement District has created an A4 sized tear-off map that lists all important information for visitors to Bromley. If you’re looking for Churchill Theatre, Bromley Magistrates Court or The Glades Shopping Centre, these key local landmarks are clearly visible on the map with an illustration. On the rear, key information such as public toilets, location of car parks, places to stay and where to find a cab has been included.

The map will soon be available for download from yourbromley.com, or the map will soon be available for download from yourbromley.com, or the map will soon be available for download from yourbromley.com, or the map will soon be available for download from yourbromley.com. If you would like a pack of maps to stock in your business, please email enquiries@yourbromley.com. The map will soon be available for download from yourbromley.com, or the map will soon be available for download from yourbromley.com, or the map will soon be available for download from yourbromley.com, or the map will soon be available for download from yourbromley.com.
HEALTH & BEAUTY

A complete bid area business listing to help you create better local connections.

Getting separated in a busy shopping centre is every parent and carer’s worry. A new scheme, ‘Keeping Together’, has been launched by Your Bromley to get involved in a brand new project. Schools have been offered a wheelbarrow, donated by Homebase and funds to spend on plants and seeds from Coolings Garden Centre. The schools will plant the wheelbarrow in such a way that the finished result says something about them. The finished wheelbarrows will be displayed in Bromley town centre from Friday 7th July, where they will form part of the BID’s entry into London in Bloom. We would like to see the results of this exciting project as we bring a beautiful splash of colour to the town centre.

WHEELBARROW PROJECT

In June, Bromley’s own annual Food Festival will be returning to the town centre. Once again, a large number of local restaurants and caterers throughout Bromley will be opening their doors and offering delicious taster dishes.

22nd - 25th JUNE

JOIN US FOR FOUR DAYS OF FOOD & FUN!

FOOD TRAIL • SPECIAL OFFERS
PLUS MUCH MORE!
