**Proposed Public Realm Improvements of the pedestrianised section of Bromley High Street**

After successfully implementing the improvements to Bromley North, Bromley Council is extending the public realm improvements to the remainder of the pedestrianised section of Bromley High Street. The aim of these improvements are:

- Introduce a hierarchy of public spaces where people can dwell
- Green-up the High Street
- Create shelter within the High Street for year round enjoyment
- Encourage street activity and enhance pedestrian experience

Street Market: Plans to relocate the street market from its current location to a position further north, centred around Market Square. In its current location the market is poorly laid out, resulting in loss of visibility of the main shopping frontages, which in turn has had a detrimental impact on the commercial viability of this section of the High Street. Following feedback from a market specialist provision has been made for the erection of a number of permanent market kiosks, located in Market Square adjacent to the Primark Frontage.

Street Market Review: One of the significant implications of the public realm design concept is the relocation of the street market from its current location to a position further north, centred around Market Square. The current market in Bromley consists of 36 pop-up stalls, although this will vary depending on the number of tenants which will vary from week to week. The intention is to relocate and reconfigure the market to reduce the number of stalls but focus on a higher quality offer – including more food (retail and catering) than at present. This includes the option of introducing a number of semi-permanent kiosks in addition to pop up stalls.

High Street Garden Space: A space to dwell in a sheltered-like garden environment. This space will be characterised by similar granite paving, raised landscape planters with integrated seating, additional new seating and feature lighting.

Churchill Square: A flexible public square for events. Surfacing will be a continuation of Market Square treatment. On Market Square, the large planters will increase visual and pedestrian permeability. The tree species have been selected for their high canopies so they do not obscure the shop fronts at height. The planters will be 70cm high and include trees and plants that will not obscure the surrounding shops. Elmfield Arrival Space: welcoming visitors from the south of the High Street. Improvements will comprise kerb realignments and new road junction surfacing to integrate the space with improvements, granite paving similar to Bromley North Village, new lighting, a pavilion-like canopy, seating and a commercial unit relocated and not under the canopy.
The team at Your Bromley Business Improvement District has created an A4 sized tear-off map that lists all important information for visitors to Bromley. If you’re looking for Churchill Theatre, Bromley Magistrates Court or The Glades Shopping Centre, these key local landmarks are clearly visible on the map with an illustration. On the rear, important information such as public toilets, location of car parks, places to stay and where to find a cab has been included.

The map is available for download from yourbromley.com.

BROMLEY’S FAMILY FRIENDLY AND CARING BUSINESSES

Becoming separated in a busy town centre is every parent’s and carer’s worry.

A new scheme, Keeping Together, has been launched by Your Bromley. The scheme, supported by police and town centre retailers, aims to reunite quickly separated loved ones. Children, available free of charge from participating stores and Your Bromley’s two boxes, are fitted with wristbands and caring to attach their contact numbers to vulnerable adults or children in their care. They can then be contacted quickly should both parties ever become separated. Over 30 retailers have welcomed and joined the scheme.

As the summer set in, Your Bromley delivered an injection of colour to Bromley with its inaugural school wheelbarrow competition.

In July, wheelbarrows designed, decorated and planted by 24 primary schools from the Bromley area, which displayed in Market Square before the judging took place on the morning of Saturday 8th July.

All schools were given the task to create a wheelbarrow that said something about their school, whether it was the use of school colours, its values or portrayed the strength of the school.

A judging panel selected winners in four different categories:
- Most Creative
- Best Horticultural Barrow
- Best Design
- Best Use of Colour

Representatives from Coolings Garden Centre, which donated the wheelbarrows, judged the school’s entries, and the winners were announced at an outdoor screening of Wimbledon.

The wheelbarrows remained in the town centre surrounding the outdoor screening of Wimbledon and were then returned to their respective schools.

At Bromley’s Queen’s Gardens were transformed into an outdoor cinema, as some of the nation’s favourite movies were screened for free on the big screen.

With deckchairs, beanbags, popcorn, candy floss and a bar serving a range of alcoholic and non-alcoholic beverages, it was the perfect entertainment for families, friends or date nights. Family friendly movies were screened during the day suitable for children of all ages, with evening screenings for a slightly older audience. This year, films shown were, amongst others, The Goonies, Happy Feet & Grease. Through the hire of some of the nation’s favourite movies were screened for free on the big screen.
