- Self contained solar powered ventilation unit
- Helps reduce build up of heat and condensation in confined areas and removes odours
- Powered by an integral crystalline solar panel
- Extraction up to 25m<sup>3</sup>/hr in full sun (1000W/m<sup>2</sup>)
- Active, silent and secure ventilation
- Switch to easily change airflow direction (in or out)
- Battery boost mode for operation at night or in overcast conditions, activates the ventilator for 10minutes, up to 10 times when fully charged
- Replaceable, rechargeable 'AAA' Ni-MH battery
- Fitted with stainless steel cowl, ideal for mounting on a boat deck
- Can be fitted into glass, metal, polycarbonate or wood
- No wiring, making it easy to install
- No operating costs
