ASSOCIATED ARCHITECTS

## PRODUCTS INSTALLED:

OVER 800 R200 SYSTEM MANUAL ROLLER BLINDS  
ACROSS 11 FLOORS

20 R240 SYSTEM HEAVY DUTY EXTENDED DROP  
MOTORISED BLINDS

## CASE STUDY:

### LLOYD HOUSE POLICE HEADQUARTERS

Capricorn installed over 800 internal manual roller shades across the 11 floors of the refurbished West Midlands Police Headquarters. The install was phased to suit the handover on a floor by floor basis over approximately 9 months. To ensure low maintenance and easy control to the high level windows on the ground floor motorised systems we installed with simple control from a wall switch.
