CAPRICORN SCURO FABRIC

CASE STUDY: ST MODWEN PROPERTIES

As part of the £1 billion redevelopment of the Longbridge area, St Modwen Properties, The £100 million Innovation Centre was designed to offer a dynamic new business environment offering unparalleled flexibility and provide start-up and growing technology based enterprises with a range of tailored office space solutions. After discussing the various options available it was determined that the Capricorn System V100 Vertical Blinds would offer both the value and practicalities required. Capricorn Reflexion fabric was selected thanks to its SPC (solar protective coating) offering improved solar & heat reflection properties.
