

Schedule of Fees and Charges (effective 1 October 2019)

This schedule sets out the fees charged by Cayman National Bank (Isle of Man) Limited ("Cayman National") for banking services, effective from 1 October 2019, and should be read in conjunction with Cayman National's Terms and Conditions, a copy of which can be found online at www.caymannational.im.

All fees are stated in Pounds Sterling (GBP), unless otherwise specified, and where accounts are held in other currencies charges will be applied at the equivalent foreign exchange rate at the time when the service is provided.

NOTES TO TARIFFS AND CHARGES**Explanatory Notes**

1. Account opening fees are charged on opening an initial account relationship with Cayman National and payable before the account may be operated. No fee is payable for opening additional call or notice accounts thereafter, or in respect of a loan/mortgage only account relationship.
2. Risk ratings are based upon Cayman National's assessment of a customer's activity/business, jurisdiction of trading/investment and ownership/control; which may affect the additional due diligence required by us. In the case of a Politically Exposed Person ("PEP") this extends to any party to the relationship with us with political exposure or a relative or close associate of a PEP. We are happy to discuss your account requirements and upon request provide a provisional rating to you (NB: a 'provisional' rating is indicative only and may change following the completion of a full risk assessment).
3. For complex higher risk customers the rate applicable will be agreed with you in advance based upon the complexity of the ownership structure and an estimate of the time commitment involved in providing the service at an hourly rate of £75 (or currency equivalent) + VAT, subject to a minimum overall fee of £1,000 (or the currency equivalent) + VAT, as applicable.
4. Annual review fees are applied in each calendar year, normally upon the anniversary of the opening of the account.
5. A monthly maintenance fee is applied to each customer's current account with Cayman National on the last working day of each calendar quarter. No maintenance fee is applied to call or notice accounts in the same name, or in respect of a loan/mortgage only account relationship.
6. Where a cheque drawn in a foreign currency or in Sterling on an overseas bank is paid into an account with Cayman National it will be sent to the bank upon which it is drawn for payment. Cayman National is not responsible for any charges that may be payable to the drawer's bank in respect of arranging such payment.
7. It is the policy of Cayman National not to accept cash payments for the credit of customers accounts.
8. Cayman National does not usually apply charges on incoming electronic payments. However, where an account is subject to higher volumes we reserve the right to agree a separate processing charge with you. Fees may also be deducted by our correspondent/clearing bankers.
9. Domestic Sterling payments are those sent by CHAPS or faster payment, as one-off or regular payments (e.g. direct debits or standing orders). Sterling payments sent via SWIFT to non-Isle of Man, UK or Channel Islands banks are regarded as International Payments. Please refer to the Banking Services Terms and Conditions for guidance in respect of the value date applied for domestic and international payments.
10. International payments are all payments made outside the Isle of Man, UK and Channel Islands - whether denominated in GBP or a foreign currency.
11. International payments are normally sent via SWIFT using Cayman National's banking correspondents. Such correspondents may apply their own charge in processing payments and/or you may have requested the 'remitter to pay' all charges. In both cases the fee quoted above excludes any such third-party charges, which will be debited to your account separately.
12. Cayman National recommends the use of SWIFT for making international payments, for security reasons. Where a currency cheque is requested additional due diligence in respect of the transaction to which it relates will be required and may be shared with the agency bank responsible for issuing the cheque. This may result in material delays in dealing with your request.
