

## Schedule of Fees and Charges (effective 1 October 2021)

This schedule sets out the fees charged by Cayman National Bank (Isle of Man) Limited ("Cayman National") for banking services, effective from 1 October 2021, and should be read in conjunction with Cayman National's Terms and Conditions, a copy of which can be found online at [www.caymannational.im](http://www.caymannational.im).

All fees are stated in Pounds Sterling (GBP), unless otherwise specified, and where accounts are held in other currencies charges will be applied at the equivalent foreign exchange rate at the time when the service is provided.

**NOTES TO TARIFFS AND CHARGES****Explanatory Notes**

1. New relationship opening fees are charged upon opening an initial account with Cayman National and payable before the account may be operated. No fee is payable for opening additional call or notice accounts thereafter, or in respect of a loan/mortgage only account relationship.
2. Risk ratings are based upon Cayman National's assessment of a customer's activity/business, jurisdiction of trading/investment and ownership/control - which may affect the additional due diligence required by us. In the case of a Politically Exposed Person ("PEP") this extends to any party to the relationship with us with political exposure or a relative or close associate of a PEP. We are happy to discuss your account requirements and upon request provide a provisional rating to you (NB: a 'provisional' rating is indicative only and may change following the completion of a full risk assessment).
3. The rate applicable will be agreed with you in advance based upon the complexity of the ownership structure (where applicable) and an estimate of the time commitment involved in providing the service.
4. Annual review fees are applied in each calendar year, normally upon the anniversary of the opening of the account. For more complex higher risk clients and/or PEP's the rate applicable will be agreed with you in advance based upon the complexity of the ownership structure (where applicable).
5. A quarterly maintenance fee is applied to each customer's principal account with Cayman National on the last working day of each calendar quarter. No maintenance fee is applied to second or subsequent call or notice accounts in the same name, or in respect of a loan/mortgage only account relationship.
6. With effect from 1 January 2020 we are no longer able to accept a cheque drawn in a foreign currency or in Sterling on an overseas bank for payment into an account with Cayman National. Please refer to the remitter and request that the funds be sent to your account with us electronically, using the SWIFT settlement system.
7. It is the policy of Cayman National not to accept cash payments for the credit of customer accounts.
8. SWIFT payments received in currencies other than GBP, USD or EUR will be charged the currency equivalent of £7.50. Fees may also be deducted by our correspondent/clearing bankers.
9. Domestic Sterling payments are those sent by CHAPS or faster payment, as one-off or regular payments (e.g. direct debits or standing orders). Sterling payments sent via SWIFT to non-Isle of Man, UK or Channel Islands banks are regarded as International payments. Please refer to the Banking Services Terms and Conditions for guidance in respect of the value date applied for Domestic and International payments.
10. International payments are all payments made outside the Isle of Man, UK, and Channel Islands – whether denominated in GBP or a foreign currency.
11. International payments are normally sent via SWIFT using Cayman National's banking correspondents. Such correspondents may apply their own charge in processing payments and/or you may have requested the 'remitter to pay' all charges. In both cases the fee quoted above excludes any such third-party charges, which will be debited to your account separately.
12. Cayman National recommends the use of SWIFT for making international payments, for security reasons. From 1 January 2020 Cayman National, in common with many of its competitors, withdrew its currency cheque issuing service.
