**ENTERTAINMENT IDEAS**

### **Jazz Dynamos**

Whether you need a duo for cocktails, a trio for dinner jazz, or a band to perform hits and firm favourites from swing to modern day, Jazz Dynamos have the experience, attitude and understanding to come up with the goods. They are a 5 piece band with both female and male vocalists, and play music from the last 90 years right up to current day – so they can certainly play some music from the Gatsby/Swing era, with a cross section of more popular modern music.

Optional extra – They can provide music when guests arrive, as a keyboard and double bass duo

Experience - Johnny Depp, Leonardo Di Caprio, Sir Anthony Hopkins, Uma Thurman, Kevin Spacey, Nicole Kidman, Tom Cruise and Prince William and Prince Harry have all enjoyed the band, and Sir Paul McCartney even joined us on stage to sing at his Christmas Party!

### **Singing Waiters**

This is a show with a wonderful twist in the shape of a surprise singing extravaganza! The act will consist of a West End performer who will be 'planted' and dress and act as chef, waiter, Maitre'd or even a guest sitting at a table. They will burst into song, stunning the room with rousing opera favourites & sing along pop classics.

### **Aerial Artists**

Aerial Performers will add that touch of elegance to your entertainment for the evening. Choose from Hoops, Silks or Swings.

This is dependent upon suitable ceiling height of the venue.

### **Living Tables**

Something a little different for your pre dinner drinks! Living tables are perfect dotted around the room or stationed at the entrance to offer that lovely first glass of Prosecco!

### **Flair Barmen and Cocktail Making**

Our flair barmen can put on a show whilst delivering cocktails to guests. During show times the barmen will invite guests behind the bar to mix their favourite tippie!

### **The Fat Gangsters**

The fat gangsters like being larger than life and wreaking havoc at parties. Detailed costume comes complete with tailored gangster suits. They look tall, mean and fun! One of our biggest photo character attractions.

### **Mix and Mingle Entertainment**

We can offer a variety of characters to mix and mingle with your guests during pre dinner drinks. These can be from Showgirls on Stilts, Glow Robots, 'Human Chimps' and close up magicians.

Caricaturist

Stilt Walkers

### **Additional Information:**
