# Entertainment Ideas

Moulin Males Stilt Walkers – great for meet and greets.

#### Mime Artist

A traditional French act, that will wow your guests with both Parisian charm and subtle movements. These artists are great to meet and greet your guests during pre-dinner drinks. They will certainly leave them guessing what more may be to come.

#### Ringmaster

The perfect character compare for your Parisian evening. This commanding fellow will keep guests entertained throughout the night as an introductory to the entertainment schedule as well as being an eloquent and charismatic element to the evening himself!

Also available for meet and greet.

### Girl in a Glass

A perfect addition to your evening would be these six foot tall glasses, our modern take on the classic 'girl in my drink'. To maintain continuity, maximise atmosphere and inject your event with stunning glamour, we can position a girl (or girls) at a suitable location of your choice for extra wow factor.

### Burlesque/Sideshow

White Fans, Silver Confetti and Cigar Extinguishing on her tongue all comes together to create just the first section of this diamond's routine. Fire mixed with burlesque performance comes next, then a hot wax pour on her skin! The whole performance ends with gigantic wings lifted over the head whilst confetti cascades in a Bollywood homage to the films finale show. This is one hot honey!

### Dancers

From traditional cancan dancers to feather and sequin clad Moulin Rouge dancer girls (some on stilts), your event can look spectacular with a display of colour and movement. Acts can be as interactive as you like or perform stage shows for a more formal approach.

### Additional Information:

A full package can be costed together for you dependent upon your preference and requirements. We can then use this as a starting point to work from in order to build the best possible evening with maximum effect to meet your budget.
