ELECTRONIC ADVANCE AND DROP MECHANISM

The Electronic Advance and Drop TV Wall Mount is a one of a kind bracket designed to move a flat screen vertically to a more desirable viewing height. The down and out movement make this ideal for mounting a TV over a fireplace as the EAD moves forward to clear a mantle piece and then drops down for a more favourable viewing position. A truly unique and creative solution.

SPECIFICATION	
Screen Sizes (Approx.)	50" - 80"
Max. Screen Weight	60kg (132lbs)
Depth From Wall	140mm (5.5")
Max. Extension From Wall	557mm (21.9")
Max. Drop From In Position	537mm (21.1")

DESIGN HIGHLIGHTS
