

Silca T80+

The cloning solution for Texas[®] 80 bit for Ford[®], Toyota[®], Hyundai[®] and Kia[®]

Silca T80+

The only cloning solution available for Texas 80 bit Ford®, Toyota®, Hyundai® and Kia®

Silca T80+ is the unique solution for cloning transponders for many of the most sold Ford®, Toyota®, Hyundai® and Kia® models world-wide. The Silca T80+ solution also pre-sets 80 bit transponders for Subaru® vehicles ready for programming with a diagnostic device.

What you will need

In order to use the Silca T80+ Solution you will need:

- the new transponder T80+
- the Silca RW4 Plus or Fast Copy Plus device
- the M-Box device (not needed for Toyota® vehicles)
- an internet connection

CE The Silca T80+ Solution has been designed and manufactured in conformity with CE mark European standards.

The cloning process

Original key reading. Data are sent via cloud to Silca for processing.

Silca replacement key written.

Cut the new key blade.

Free software available for RW4 Plus and Fast Copy Plus users

The solution is available with a simple software update of the RW4 Plus and Fast Copy Plus devices to the 04.06.91 version. The M-Box is also needed (except when cloning Toyota® vehicles). The solution is not available for RW4 + P-Box and Fast Copy + P-Box.

Wide coverage

In total around 97% of all vehicles using 80 bit transponders can be cloned.

No need to operate inside the car

The transponder can be cloned without the need to connect with the vehicle via a 'snoop' device making the process easier and more streamlined. The entire process requires on average less than five minutes.

Compatible with the entire Silca automotive key range

Internet connection required

The Silca T80+ does not require a PC or a fixed internet connection to clone. The cloning can be done via the smartphone or tablet hotspot function.

Familiar process

Once the M-Box is connected, you can clone 80 bit transponders in exactly the same, familiar way you clone other transponders.

Compatible with Silca keys

The Silca T80+ is compatible with the entire range of Silca automotive keys: Remote Car Key (CIRFH1), original remotes, Look A-like keys, and MH-TA Keys.

Packaging optimised for hook display

The transponder T80+ is individually packed for optimised stocking and hook display.

Transponder T80+ - Main Functions

Vehicle make	Cloning with RW4 Plus and Fast Copy Plus	M-Box needed	Pre-coding with RW4 Plus and Fast Copy Plus	Programming with diagnostic device
