

TM-PC SOFTWARE / TM-PC PLUS SOFTWARE

ADVANCED TIME ATTENDANCE SOFTWARE

POWERFUL WORKFORCE MANAGEMENT AT YOUR FINGERTIPS

Included with every TimeMoto terminal, this powerful software puts a host of useful functions at your fingertips. Generate instant, up-to-date fire roll-call reports; create daily, weekly, monthly and periodic reports per department and employee; track job costing, hours, overtime, and absences; design employee schedules; define pay classes and payment reports; export your data to Excel, CSV, PDF or your preferred payroll program—all with an unlimited database, automatic backups and support for multiple TimeMoto terminals.

EXTENDED SCHEDULING AND REPORTING OPTIONS

Our PC Plus software adds a treasure trove of extended features to the PC software's already rich set: schedule all 24 hours of the day in shifts; track employee arrival and departure outside standard work hours; track annual vacation and work time for each employee; balance schedules to minimize overtime; and specify special holiday hours for use in your scheduling.

- Real-time attendance overview
- Work schedule
- Project codes
- Management reporting
- Export to Excel, CSV and PDF
- Export to major payroll software
- Calculates overtime
- Pay classes and payment reports
- Graphical planning tool*
- Work scheduling incl. shifts and holidays*

File	Edit	Report	Help
Present filter	Filter user	Department filter	User Filter
		All users	All users
ID	User name	First name	Last name
5	Chris	Christopher	Harboer
1	John	John	Doe
2	Kirsten	Kirsten	Jansson
4	Martin	Martin	Gelbert
3	William	William	Johansson

Real-time employee attendance list

User name	1	2	3	4	5	6	7	8	9	10	11	12
1 John Doe	1-8	2-9	3-9	4-9	5-8	6-8	7-8	8-9	9-9	10-9	11-9	12-9
2 Kirsten Jansson	1-8	2-8	3-8	4-8	5-8	6-8	7-8	8-8	9-8	10-8	11-8	12-8

Clear shift and vacation planning overview with colour codes*

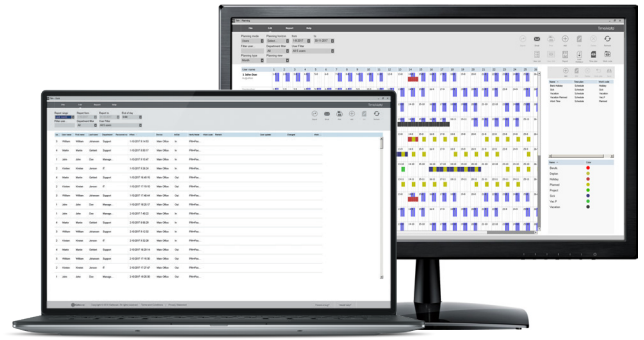

Name	Factor	Remark
Regular overtime	2	Overtime on Sunday
On specific day(s)		Mon Tue Wed
After X hours per day	8	Hours
Sunday		

Define pay classes and payment reports*
