WARRANTY Lifetime

FEATURES

- Designed for the removal of 18-54mm (diameter) plastic and metal hose clamps
- Remote action hose clip tool for extra reach when required
- Single-handed locking mechanism locks the hose clip in an open position
- Soft plastic hand grips for comfort
- Supplied inside a blow moulded plastic storage case

DESCRIPTION

Comprehensive kit designed for the removal of 18-54mm (diameter) plastic and metal hose clamps. The kit provides a remote action hose clip tool for extra reach when required. There is a simple single-handed locking mechanism on the hose clip pliers, which locks the hose clip in an open position to aid the user. This also enables hands-free operation to increase job efficiency. All tools have soft plastic hand grips. Supplied inside a blow moulded plastic storage case.
