

## Medium Duty Bar Clamp, 900mm

**STOCK No.** 18923 **BRAND** Draper

**BARCODE** 5059482066542

**WARRANTY** Lifetime

### FEATURES

- Strong and durable engineering grade plastic
- Robust I-Beam structure and C45 rail to reduce unwanted bending
- Quick release trigger makes one-handed operation easier
- TPU protective cushions to safeguard the workpiece from marking and damage
- Quick change button to convert the clamp to a spreader
- Long handle design for better leverage and reaching higher pressure easily

### DESCRIPTION

This medium-duty bar clamp is made from strong and durable engineering grade plastic. It is capable of evenly distributing up to 153kg of sustained clamping force. The robust I-Beam structure and C45 rail reduces unwanted bending. The TPU protective cushions safeguard the workpiece from marking and damage. One-handed operation is easy, thanks to the quick release trigger. There is also a quick change button to convert the clamp to a spreader. It is designed with long handles to enable better leverage for reaching higher pressure easily.

### CONTENTS

1 x Medium Duty Bar Clamp, 900mm

### SPECIFICATIONS

Clamp capacity	900mm
Clamping force	153kg
Clamping depth	80mm
Spread capacity	177-1,128mm
