- Brushless technology
- Two-speed gearbox with variable speed
- 20-setting torque control
- Forward/reverse switch
- LED worklight
- Fitted with soft grip handle and belt clip
- D20 batteries and chargers available separately
- Compatible with DXPULSE 18V series

DESCRIPTION

Part of the D20 multi-tool battery system, this cordless combi drill features a high-performance brushless motor and a two-speed gearbox with variable speed. There are 20 torque settings to choose from to ensure precise drilling. The 13mm metal keyless chuck is capable of drilling through up to 35mm in wood, 10mm in brick and 13mm in steel. There is a forward/reverse switch and hammer selector. The adjustable side (auxiliary) handle and depth rod enable optimal positioning and more control when drilling. The built-in ultra-bright LED worklight provides added visibility in low light conditions. Fitted with an ergonomic soft grip handle and belt clip for portability. D20 batteries and chargers available separately.

24 month warranty extended to 36 months on registration.

The D20 interchangeable battery system allows users to combine the same battery/batteries with any of the tools within the D20 series.
