Draper Expert Toyota Oil Filter Replacement Tool

STOCK No. 22490 **BRAND** Draper Expert

BARCODE 5010559224906

WARRANTY Lifetime

FEATURES

- Cast aluminium oil filter sockets
- Works on Toyota 1800cc and 2000cc engines and the hybrid Prius
- Operated with a 3/8" square drive wrench or 27mm hex socket

DESCRIPTION

Due to the unique design of Toyota oil filters a specialist tool is required to engage the 14 flutes and six slots built onto the oil filter housing. Used on Toyota 1800cc and 2000cc engines and the hybrid Prius. Operated by 3/8" square drive wrench or a 27mm hex socket.
