DESCRIPTION

This sturdy toolbox is constructed from high-strength, impact-resistant polypropylene. The spacious main compartment is ideal for storing hand tools and small power tools. The lid features three storage compartments with transparent flip covers. Additionally, the portable tote tray is specifically designed for carrying tools and small parts and comes with an integrated handle. The toolbox is equipped with two sturdy latches to securely hold it closed, as well as an eyelet for attaching a padlock (available separately) for added security. For easy transport, the toolbox also features a strong carry handle.
