DESCRIPTION

This multi-purpose Tungsten Carbide-Tipped (TCT) circular saw blade is hardened and tempered to ensure a long life. High-quality precision-ground carbide teeth make the blade robust and there is a thin kerf for rapid cutting. The anti-kickback design prevents the blade feeding too quickly. Designed for use on all woods, mild steel, copper, aluminium, laminates and plastics. Compatible with most 165mm circular saws with a 20mm and 16mm bore including Stock No. 55519, 89451 and 57341. EN847-1 Standard.

Stock No.	Diameter	Bore	Teeth	Kerf
28363	165mm	20mm	14T	2.0mm
29407	165mm	20mm	20T	2.0mm
