Draper Expert Plasma Cutter, 25A

BRAND Draper Expert

WARRANTY 12 months

FEATURES

- IGBT Inverter technology
- Integrated gas regulator
- Built-in water trap
- Suitable for cutting through stainless steel, aluminium and other metals up to a thickness of 8mm
- Thermal overload protection

DESCRIPTION

This plasma cutter features IGBT inverter technology making it suitable for cutting any electrically conductive material. It is a robust machine with an integrated gas regulator and built-in water trap. This machine is suitable for cutting through stainless steel, aluminium and other metals up to a thickness of 8mm. Fitted with thermal overload protection to ensure maximum durability. The machine is robust, lightweight and portable, fitted with a carry handle.

CONTENTS

1 x PT31 Plasma cutting torch
1 x Cable, 4m
1 x Earth clamp, 200A
1 x Chipping hammer/wire brush
1 x Face mask

SPECIFICATIONS

Amperage range: 10-25A
Power supply: 230V
Plug fitted: Yes (32A plug fitted)
Max cutting thickness: 8mm
PSI: 60psi
Duty cycle: 25% @25A/ 60% @18A/ 100% @13A
IGBT inverter technology: Yes
Integrated gas regulator: Yes
Built-in water trap: Yes
Thermal overload protection: Yes
Dimensions: 426 x 160 x 285mm
Weight: 8.9kg
