Drain Plug Key Set (5 Piece)

BRAND

WARRANTY

FEATURES

- Multiple hexagon and square sizes provide coverage for different drain plug profiles, reducing the need for separate tools
- 52–54 HRC hardness provides a suitably hardened working surface for repeated workshop use
- Chrome plating gives the tools a durable, easy-to-clean finish suitable for general automotive servicing
- Supplied in a plastic case with vacuum-formed insert that keeps the set organised and makes individual keys easier to store and identify.
- Range includes 5/16", 9 mm, 10 mm, 12 mm, 14 mm and 17 mm hexagon sizes, plus 3/8", 8 mm and 11 mm square sizes

DESCRIPTION

A 5-piece drain plug key set made from hardened Chrome Vanadium steel for removing and fitting a range of compatible drain plugs. Ideal for vehicle technicians, mechanics, garages, and DIY, it features multiple hexagon and square sizes, with 52-54 HRC hardness, and chrome plating; all packed in a plastic case with vacuum-formed insert.
