DESCRIPTION

Expert quality XP1000®, manufactured from premium steel forged in Germany. Induction-hardened jaws provide ultimate effortless clean cutting and long-term performance. The precision-machined pivot pins allow smooth one-handed operation with minimum play for ease of use. Two part bi-material ergonomic soft grip handle allows maximum grip and user comfort, and horns prevent slipping onto live conductors. Tested to 10,000V, these pliers are suitable for working on live circuits of 1,000V AC and 1,500V DC. Maximum cutting capacity: 2.0mm.
