- Designed to aggressively cut fast to help improve work efficiency
- Open mesh design enables dust extraction to prevent clogging
- Lasts up to 4x longer than conventional paper backed abrasives
- Can be cut to size and are also reusable/washable
- Suitable for wet or dry use, and are ideal for de-burring pipes, removing solder and general sanding applications

DESCRIPTION

This roll of silicon carbide abrasive is designed to aggressively cut fast to help improve work efficiency. The open mesh design prevents clogging and encourages a cleaner workspace. Silicon carbide can last up to 4x longer than conventional paper backed abrasives. Supplied as a roll, so pieces can be cut to size according to the application and due to being washable, they are also reusable. Suitable for wet or dry use and are ideal for de-burring pipes, removing solder and general sanding applications.
