

Defender E85301 230V Fly Lead Converter 13A - 16A

STOCK No. 35133 BRAND Defender

BARCODE 0806652152742

WARRANTY

FEATURES

- Quick, easy adapter for attaching 240V 13A equipment to 16A lead
- Short 25cm cable minimises excessive tangling
- Robust plug & single socket with spring-hinged cover for maximum protection
- VDE approved for low temperatures
- BSEN 50525-2-11 compliant

DESCRIPTION

Single socket 230V fly lead connects a standard plug, tool or light to a 13A lead without the need for rewiring, saving time and money. Robust plug and single socket with 25cm cable - long enough to maintain flexibility but short enough to avoid excessive tangling. Spring-hinged cover on 13A socket for maximum protection. Ingress rating IP20. BSEN 50525-2-11 compliant.
