9-in-1 Drain Plug Wrench, 200mm

BRAND

WARRANTY

FEATURES

- Nine tapered sizes provide coverage for a range of female drain plug dimensions, reducing the need for separate removal tools
- Square-ended profiles provide multiple drive sizes for engaging compatible female drain plugs
- Tapered ends allow the wrench to engage with compatible female drain plugs across the specified size range

DESCRIPTION

9-in-1 drain plug wrench, 200 mm long, with nine tapered sizes for removing compatible female drain plugs in automotive applications. Ideal for mechanics, garages, and DIY, it features square-ended profiles, tapered ends, and is made from FC18 cast iron.
