# Ratchet Axle Stands, 2 Tonne (Pair)

**STOCK No.** 30878 **BRAND** Draper

**BARCODE** 5010559308781

**WARRANTY** 12 months parts and labour

## FEATURES

- 2 tonne capacity per stand (4 tonne per pair when load is evenly shared)
- Ratchet mechanism allows quick, secure height adjustment
- Large saddle (36 x 85mm) improves load distribution and stability
- Wide base with welded pads increases ground contact and reduces sinking risk
- Minimum 25mm clearance at lowest setting for safe positioning
- Heavy-duty welded construction for strength and durability

## DESCRIPTION

Designed to support one axle with weight distributed across both, each stand in this pair supports 2T on its own, with a combined max weight of 4T. They feature a ratchet mechanism, large saddle, and wide base with welded pads, all enabling a stable hold.

**Manufactured to BSAU223a:2006 Specifications**
